The Kathy Monster. A.H!  
 Chris, Cadernane is off on  
 Rutabaga, is off on  
 another dangerous mission  
 against the diabolical  
 (yick!). This time he's  
 his life in the jungles of  
 Kathy on his summer (beware, Kathy) to a theatre near  
 you. Ha! Ha! Rated M [not recommended for those with  
 mental difficulties - it could unbalance you totally].  
 Have a great summer, if you can. See you  
 next year.  
 Friend of Rutabaga,  
 (C) Bucky

Kathleen,  
Hello! How's life?  
Duncan and I wish  
you a wonderful life,  
a wonderful summer,  
and a wonderful Junior  
year. Yer nice and sweet  
and a gre-e-at friend.  
See ya next year kiddo.  
 Bea Lane

Kathy,  
 hope I'll see  
 you next year. You've  
 been a great friend.  
 I doubt I could have  
 survived English without  
 a friend who could spell.  
 Have a great Summer  
 forl  
 Kell  
 you

Kathy,  
It was really  
great having you  
in my Chemistry class.  
You talk so much  
that you almost kept  
me awake. Have a great  
summer. Best of luck  
in your Junior year.  
Love,  
Dad

Katey,  
I'm glad I met  
you this year.  
Maybe over the 2 years  
we can become even  
better friends. See you  
over the summer.  
You're the best!  
Love always,  
Kelly

Kathy, boom a  
 You have great friends  
 and will be great friends  
 yourself, and I'll see you  
 soon. Love,  
 Linda

Kathleen!  
Well, this year  
is almost over and  
next year we'll be  
UPPER CLASS MEN!  
Doesn't that sound  
great?! Hopefully  
we'll see each other  
after this wonderful  
summer we're going  
to have! ENJOY &  
RELAX during life!  
Love,  
Bubba 87

# DEDICATION:

## Mr. Corbin

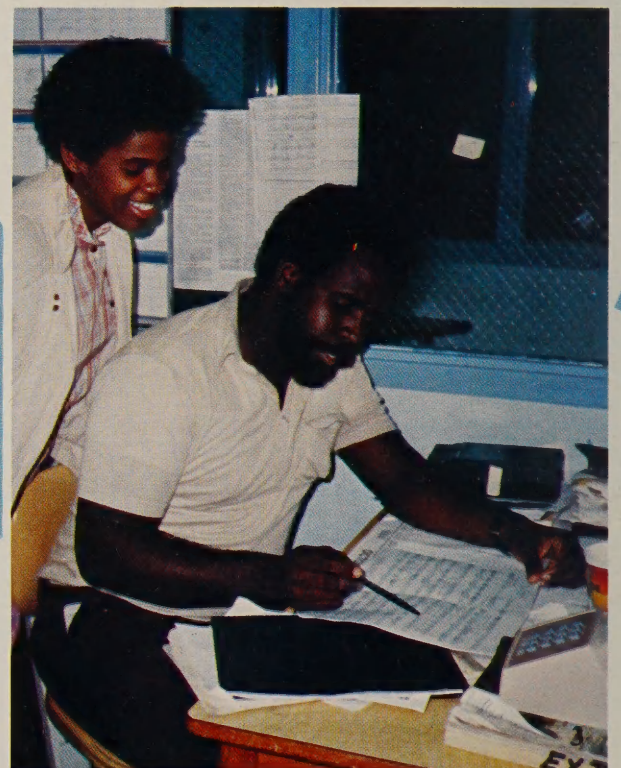

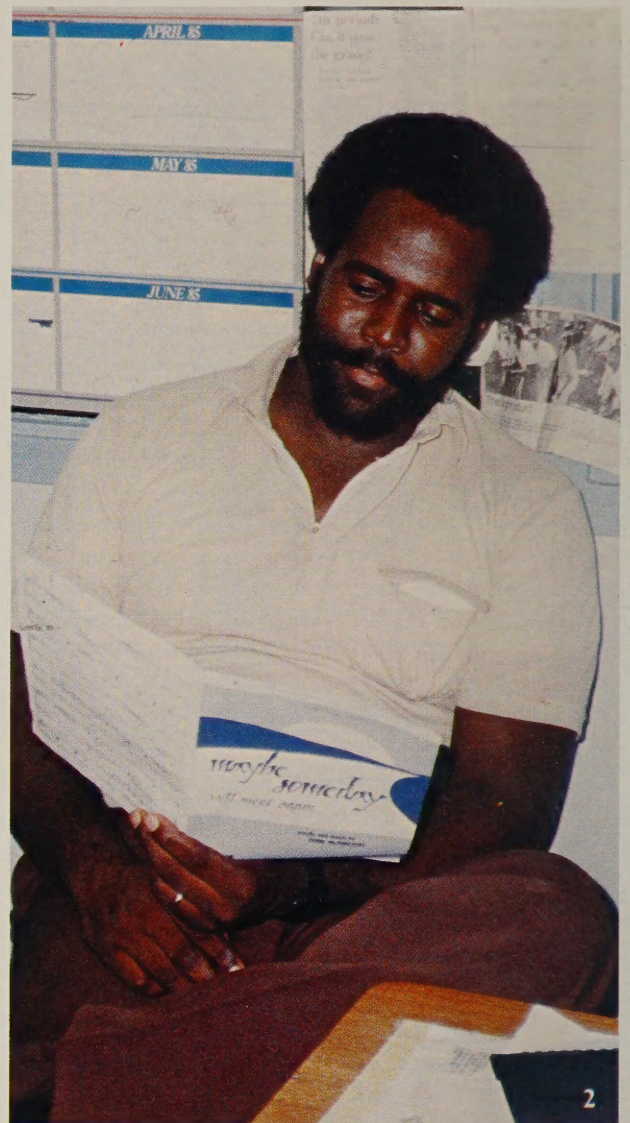

For the past five years you have helped Martin County High School become a winner. Your special love for your students is like that of very few teachers. You have helped the students of MCHS in many ways: participating as a coach of the girls' basketball team and helping referee both football and basketball games. Your most impressive accomplishment, however, was in 1983 when you took OPUS to California and came home with your first national title. Again, in 1984, OPUS won another national title, this time in Philadelphia. Thanks to your devotion to the students of MCHS you have given us a choral group we can all be proud of. We salute you and dedicate MACOSH 85 to you, Mr. Corbin.

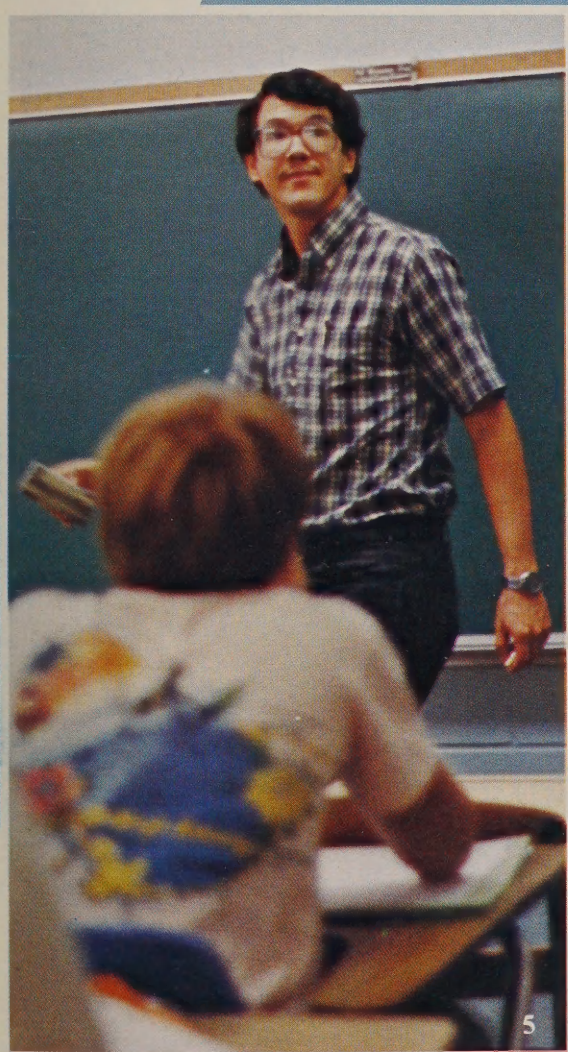

1. Overtime. One thing that Mr. Corbin enjoys doing for the students of MCHS is refereeing football and basketball games.

2. Working Again. Mr. Corbin diligently prepares himself for class before his students arrive for their music lesson.

3. Helping Out. Because Mr. Corbin is always there when his students need him, he is very well liked.

4. Cheating. Chris Wiecks and Cass Christenson secretly compare answers in the lunch hour during fourth hour lunch.

5. Taking Aim. In physics class Mr. Kirsch spots a student dozing off during one of his lectures.

6. Smile pretty. The photographer is the only one being paid attention to during Mrs. Webb's eighth hour English class.

## Going In Style . . . Mentally

1. Muscles. Before the Eau Gallie game Linda Mang shows Scott Dotson and Mike Frankle who's the toughest as she escorts them to their bus.

2. Nutrition. Although the cafeteria wasn't everyone's favorite place to eat, it was a great place to socialize.

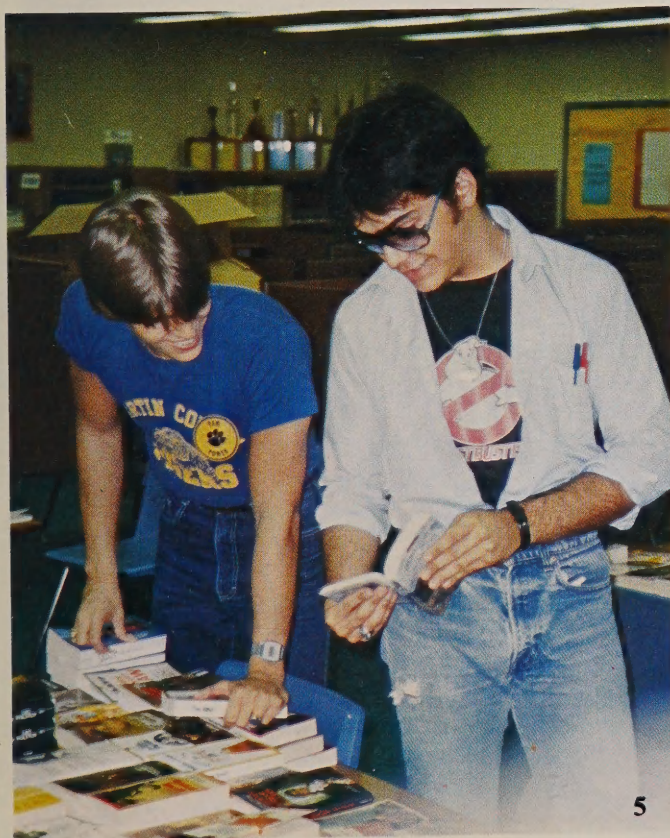

3. Gossip. Alicia White and her sister Shannon discuss who is new in their lives while they wait in the halls of MCHS for the rain to stop.

# GOING IN STYLE ... SOCIALLY

After the long summer it was time to return to the halls, the books, and our friends at MCHS. This year labeled "the year of the tiger" proved to be very special. From the first minute the gates opened until the traditional exchanging of the caps on graduation night there was something for everyone to look forward to. New friends were made and lasting relationships formed. Because this year was the last year for the seniors, they wanted to strengthen their friendships and get the most out of this year before going ahead with their lives while the underclassmen were finishing their high school careers with the hope of retaining some of this year's memories. This year we went in style socially whether we were at a football game, prom, or even in the halls of MCHS. In twenty years this year will be remembered because we were "Going in Style Socially".

4. Counseling. Student minister, Brad Lewis, and Ann Romano pause for a moment during their discussion of school activities.

5. The classics. Kevin Makowski and David Lee talk about what's new in literature during the AP classes' book fair.

6. Locker Blues. Erika Miller searches through her locker at the end of the day for a book that is not there.

1. During the band's half-time show, the flag corps presented a very physical demonstration of patriotism.

2. Percussionist, Ronnie Lansing, shows it is not all fun and games — it's hard work too!

3. Tiger football players get physical against the Eau Gallie team.

4. Rachel Gonzales gives the sign to fellow swim team members that they are strong enough to conquer their opponents.

5. Number 79, David Higgins, concentrates on the game at hand and tries to anticipate the physical plays the other team will demonstrate.

6. Heidi Feeley (top) and Michelle Stewart perform one of the physical cheers perfected for this particular game.

7. Break dancing, a very popular dance, is physically demanding, but it's fun for everyone, even Lashawn Gilbert.

## GOING IN STYLE... PHYSICALLY

## BLUE AND GOLD FOREVER

"We're number one, not two, not three, not four." Yes, indeed, the tigers definitely proved that this year. Spirit at MCHS was at its peak. The 1984-85 year held better participation in the pep rallies and more fans on the bleachers. Fans did not just sit and observe but stood and cheered. Fans literally screamed out that tiger spirit for all to hear, like in the Big Mouth Contest. The newly formed club called the Rowdies helped to promote some of that good ole spirit. Signs were everywhere cheering those tigers to a victory. Blue and gold were the popular colors that brought out a tiger spirit which was never lost. Once it was caught it stayed on . . . and will stay on forever.

1. Mr. Ashley displays his teacher spirit while preparing the sound system for a pep rally which he did so often. 2. True blue and gold tigers. Scrunching together, fans show their enthusiasm to be tigers at an away football game against Eau Gallie.

3. Tigers are people, too. During halftime at the away game in Eau Gallie, our enthusiastic tiger mascot, Julie Boorman, takes a break from roaring out those great Tiger chants. 4. Tigers are #1. Ellen Feeley and Angie Forsberg, varsity football cheerleaders, promote spirit through cheers and chants at the eighth period pep rally on the new stage.

5. Cuteness in the air. Erin Alley, baby mascot, and varsity cheerleader Kerri Lord look on in suspense at the Eau Gallie game and hope for a big play. 6. Spirit at its peak. Taking a chartered bus to an away game at Eau Gallie, rowdies, cheerleaders, and other dedicated fans cheer the tigers to another victory.

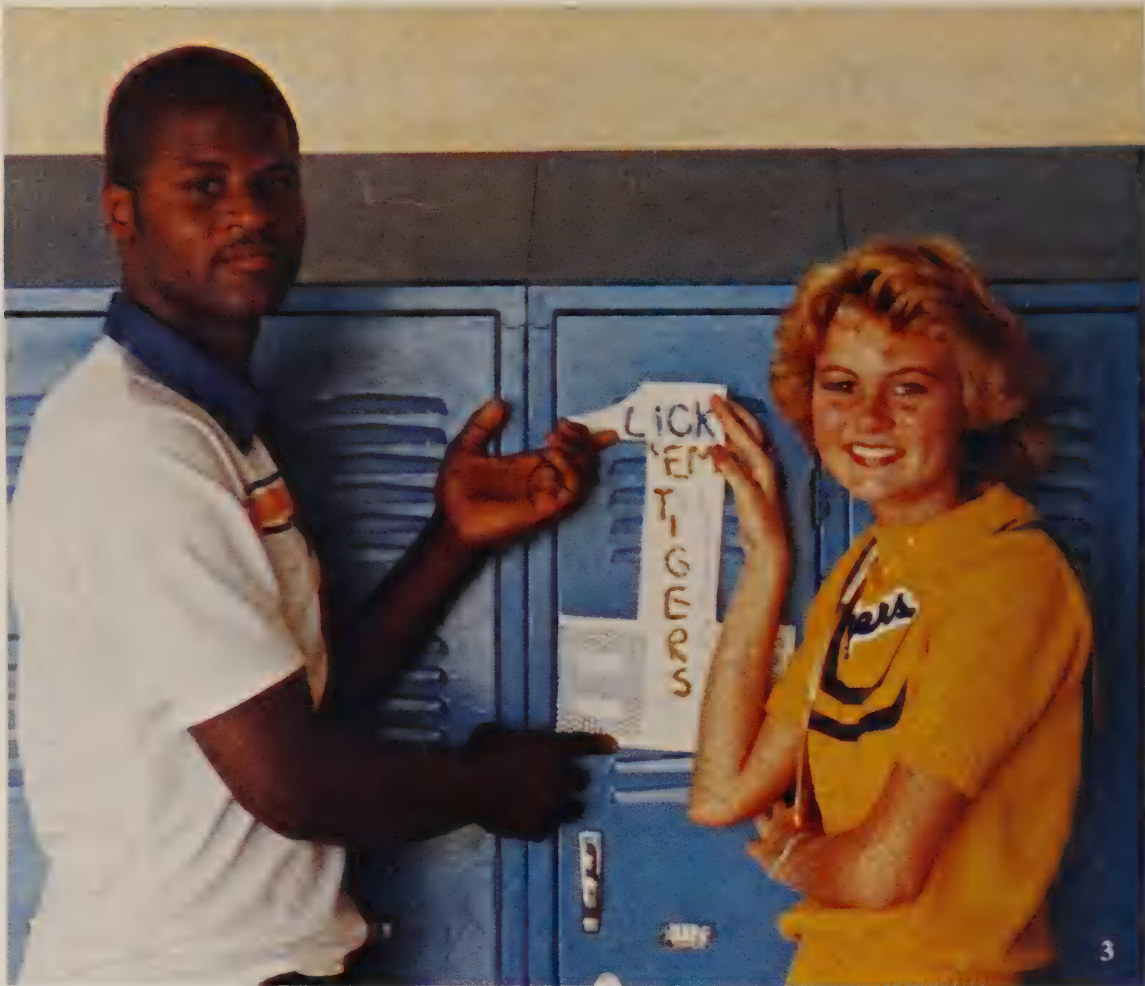

1 Mark Jones and Nora Lee, listen closely to Mrs. Fleming in her Advanced Economics class first period.

2 Engrossed in his first period Advanced Biology studies, Bill Anderson is suddenly disturbed by an underclassman.

3 The Friday of our game against Melbourne, Varsity Football Cheerleader Shannon White and Varsity Football player Steve Potts show their Tiger Spirit by decorating some lockers.

4 Lavern McFadden congratulates Jerome Stone for making the first touchdown in the Homecoming game against Okeechobee.

Which class has accomplished more than any other class in the history of MCHS? Which class has had the richest treasury in the history of MCHS? Which class has won "Class of the Year" in its Freshman and Junior year? The class of '85 has achieved these honors, and many more during their four year stay at MCHS.

"If it weren't for the dedication of Vice President Marty Carmody, Secretary Tom Dicondina, Treasurer Ann Haas, and Class Sponsor Mr. Petry, our class would have never made it to be what it is now," stated Class President John Haas.

John Haas shared his feelings about Mr. Petry, "The best way to describe Mr. Petry would be love and dedication. He was always there no matter what, and he pulled us out of trouble hundreds of times. He is very honest and did all our worrying for us.

The one thing that is so special about him is, when we hurt, he hurts. The important thing is he has always been a good friend."

Shannon White, a senior, said, "No doubt, our class has been the best yet." Another senior, Jim Roulette, commented, "We never thought a mountain was too high to climb."

The most outstanding moments were things like the Hope Rural School project in Indiantown. The seniors raised from \$150.00 to \$250.00 to help these young children. They had a huge picnic complete with food, games, and prizes. "There is nothing like making a young child laugh," John Haas commented.

Bringing Las Vegas to Stuart, the "Class of 1985" put on the most expensive prom that MCHS had ever experienced. Mary Cleveland did a fantastic job on the art work.

# FOUR HARD YEARS

The last football game of the season brought with it a certain feeling of sadness and nostalgia for Martin County High School Band seniors. As the clock ticked away the minutes left in the game, the field announcer began the litany of senior band members' names. Long a tradition at MCHS, this recognition brought with it a certain feeling of

sadness that this would be the last time the marching band would be together as a unit.

In a similar ceremony, senior football players, escorting their parents across the field, were recognized for their years of team work and dedication to the game. Each mother, in a moving tribute, was presented with a long-stemmed American Beauty rose to press in

her book of memories.

For now, however, it was enough to look back with nostalgia over the autumn's group activities, realizing that, although one could always return to savor the thrill of parades, football games, band activities and Homecoming, it would never be quite the same again.

David Henry, Senior tubist, plays energetically as the band, playing "Fiero," leads the Homecoming Parade.

## VARSITY FOOTBALL

This season opened, and all the tiger football fans filled up Community Stadium. The 1984 Martin County football team was one of the most exciting teams fielded in the years past even though it was one of the youngest teams in Martin County history. Though the young team had its weak spots, there were still many experienced players on the squad.

the spring, summer and fall, they also spent time together away from the field.

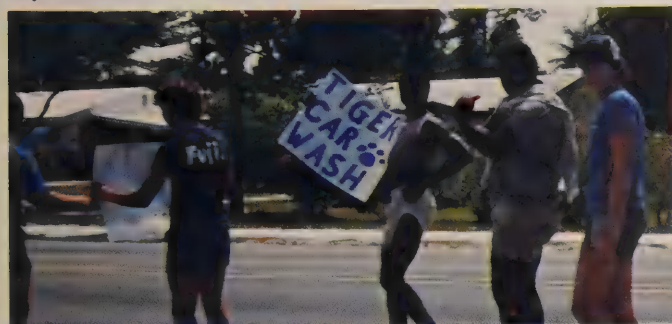

In the spring, they helped the varsity football cheerleaders at a carwash and then went to a barbeque the girls had prepared for them at Coach Jones' house.

Monday night football was also a unique time for some of the team as they played pool, ate, and watched the Monday night football game or a tape of their own game at Coach Jones' house.

Other social events included parties after games, seeing *The Bear* together, and Fifth Quarter.

For three years the class of "85" stayed on campus eating the cafeteria cuisine. OH!, what a joy it was to be able to get into a car with friends and go to a local restaurant for a relaxing lunch. Those precious pink passes were the seniors' ticket to freedom . . . well, at least for fifty minutes. Those exclusive times with friends were a meaningful part of our senior year.

The class of 1985 was ranked as one of the smartest classes ever produced by M.C.H.S. Mr. McKinney, counselor of the class for the last four years, expressed his opinion in three words, "They're the greatest!"

McKinney, who had been a leader in class activities, said that the Senior class of 1985 had excelled in all areas of student activity. This could easily be seen by such achievements as "Class of the Year" their freshman year, first place Christmas wall contest all three previous years, and re-establishment of the ring dance tradition. Other than these achievements, McKinney said that the top ten students' overall grade point averages were higher than those of the previous graduated classes. Based on Scholastic Aptitude tests' scores and G.P.A.'s, McKinney

believed that most all of the class members could have no difficulty at all in being accepted by the college of their choice.

Mr. McKinney had no problem in expressing his love for the class and neither did they have a hard time. When questioned, most Seniors agreed that McKinney had been an asset to the class and no one could have replaced him.

Senior Robert Benc said, "Mr. McKinney is a nice guy and is a credit to M.C.H.S."

Senior Chrissy Bownds also expressed her thoughts by saying, "Mr. McKinney is a sweetheart, and I don't believe that I could have made it without him."

Underclassmen must wonder what the key was to their success, but every Senior knew that good grades and award winning activities went hand in hand.

## SENIOR FEARS

"Oh, no! I hope my senior pictures turn out," and "What if I don't get a high score on the SAT?" Senior year was thought of in many ways. One thought that came to most minds was the freedom after graduation; but deep down inside we had that growing fear of being on our own in the world.

Independence was the main fear of the typical senior. Next year will involve starting over for many of us in new towns, meeting new people, and keeping up with college life. Suddenly, we are faced with supporting ourselves and begin worrying about our financial situations. Mom and Dad are not going to be there to help out anymore.

The worries of senior year such as winning the powderpuff game, having our senior pictures turn out decently, passing economics, and winning Friday night's football and basketball games are now forgotten as we move on to an adult way of life.

Fears. Frightened by the thought of soon being on their  
own, Angie Forsberg and Beth Hunecke express their  
fear during school one day.

The SAT and ACT tests we took to test our academic abilities that would eventually determine the colleges we could attend were of major importance to all of us. One of the most important decisions we had to make in our lives was where to go to college. The next will be choosing the right major. These decisions helped to determine how successful we would be in life.

There were many more fears in our outstanding class of '85, but fortunately we did not spend all of our time worrying about the future. We made the most of the good times we shared and we always strove to be the best. We met this goal in high school, and now we will attempt it individually with MCHS memories comforting us in ahead fearful times.

## POWDERPUFF

The senior powderpuff cheerleading squad this year probably was one of the most spirited ever. Practicing long and hard to perfect their routine, the squad spent many hours for the week prior to the game at the Palm City basketball courts. Their 8 minute routine included dancing, pyramids, cheers and spins done to the beat of Run D.M.C. and others. This year's squad consisted of Marshall Bagley, Dean Burdge, Marty Carmody, Tom

## STATUS SYMBOLS:

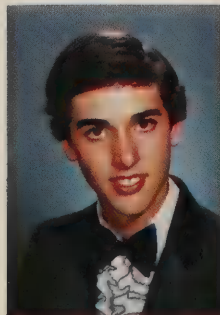

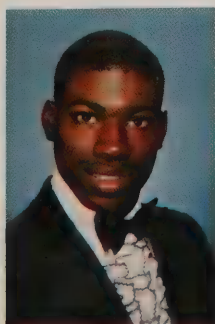

There are many things that are considered status symbols. Parking stickers were once considered symbols of being a senior but as usual times change and now anyone can get a sticker. Broken legs, sprained ankles and other injured limbs seemed to be very popular this year. Maybe it was because the seniors finally realized that this was their year and let things get just a little bit out of hand. Nice cars! What a status symbol. Driving into school and having the whole school look at your car was the greatest feeling in the world. But, the most important and gratifying status symbol of all is that diploma received at graduation.

Big Apple.

Ah! We never thought we'd see the day! Seniors. Has a nice ring to it, doesn't it? But beyond the nice sounding title is a whole other world. A world only inhabited by . . . seniors.

Within this world existed a multitude of "senior things" such as senior prom, senior trip, grad nite, senior pictures, powder puff, class nite, float building, senior exams (yuk!), and let's not forget Graduation.

Senior Graduation. What does this mean to the seniors? Says Steve Powers, "Graduation to me seems very exciting and at the same time kind of scary."

"It's like you don't know what to do after you graduate," adds Erik Brickson.

But, aside from looking to the future, we also have fond memories of the last four years to keep forever:

## UNIQUE SENIOR

Pictures of gorgeous movie stars, rock stars, MCHS spirit favors, and pictures of friends are among the decorations found in the unique senior lockers. "Decorating lockers keeps the roaches out," explains Robert Benc.

Kerri Lord takes time from her busy schedule to pose for the media. This is just one of the unique seniors in the Class of '85.

A typical locker belonging to a group of crazy seniors. Angie Forsberg, Beth Hunecke and Shannon White have decorated their locker to suit their personalities.

## QUALITIES

"Madonna", between classes, happily explains how her locker, shared with Michelle Stewart, contains a sign with their "life saying" on it.

The Senior Class was composed of 402 unique students, each one possessing different qualities; however, one particular student stood out: Kerri Lord. Among Kerri's unique qualities was the way she chooses to dress quite exotically. Her earrings ranged in size from paperclips to mini birdcages. Angie Forsberg stated, "She is very well known in the school. Lots of us call her 'Madonna'. Because of the way she dresses and dances, she is really a unique individual!"

## SCHOOL

The case of the empty wallet . . . "No money, no gasoline for the car, what am I to do?" Work, which no senior wanted to face, became quite necessary for seniors to survive. They knew they had to do well academically, but they were in serious trouble if they could not find a job.

Although not very enthused about working after school, many seniors were forced to turn to the job world. As Paula Rodriguez stated, "I can't live without money!; not only for every day, but also to save for senior expenses and college beginning next fall." Part time jobs tended to supply seniors with sufficient money, but they found that not enough time was available for extra curricular activities. With the added period to the school day, studying was even more difficult to accomplish. "I had a job," said Chrissy Bownds, "but I was falling asleep in class, and my grades went down."

Superstars. Shannon White and Beth Hunecke show their spirit and support for the Tigers at the NCA Superstar Camp this summer.

## VARSITY CHEERLEADING

Increasing school spirit was their main goal. Pep rallies, decorating, and cheering were the three main ways of raising spirit at Martin County High. Varsity football cheerleader Shannon White said, "It's not an easy job." It demands much dedication, but Varsity Basketball cheerleader Linda Mang said, "It pays off in the end when you're rewarded with a winning team."

Shannon White described a typical week of cheerleading as, "We had two practices a week from three o'clock to five o'clock. On Thursday nights we would come to the school and decorate for a few hours, and then we would do extra things during the week."

Camp was another mandatory activity in which cheerleaders had to participate. "It was not all fun and games as we had anticipated," giggled Sue Daly. "It was a long never ending day, but we can look back now and smile about it."

## ? SENIOR FUTURES ?

College, steady jobs, traveling, and marriage . . . and the list went on. These are just a few of the paths that many seniors will take upon graduating in May. When asked the question about their future plans, some seniors were not certain. The majority of seniors, however, said that College was definitely in their plans for the future. The colleges most popular with the seniors were: University of Florida in Gainesville, Florida State University, Indian River Community College, and Florida Institute of Technology. Fears of seniors planning to attend college were, "keeping up with all of the work", "not failing", "costs", and, "paying for college." Most seniors, however, claimed to have no great fears of college whatsoever.

Nearly all of the seniors knew exactly what their majors or possible careers might be, ranging from careers in medicine, engineering, to majoring in business, to studying law, to a career in teaching.

After graduation, it is a tough choice of which path to take, but it appears that many seniors have already decided what they will be doing in the near future.

Deadlines. Yearbook students work hard to meet deadlines and study hard to prepare themselves for careers in journalism.

## PUBLICATIONS

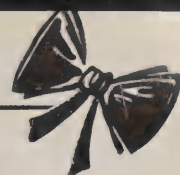

Why did so many people yearn to be on the staff of *MACOSH* and *Tiger Pause*? Believe it or not, not all members planned on pursuing journalism careers after high school. However, for those who were interested in a newspaper, radio, or television career, they gained a great deal of knowledge from being a member of these staffs. *Tiger Pause* staff member Kevin Foote said, "I think that the experience of being on the staff will help me in my broadcasting career as well as helping me communicate better with people."

Communication was a key factor in both publications. Staff members not only had to communicate with fellow classmates but also with the public — their readers. Beth Bower, *MACOSH* co-editor, said, "Being on the staff will help me in the future because it has taught me how to get along with the people I worked with and the public." Chrissy Bounds of the *MACOSH* staff said that being on the staff helped her to become a more organized person.

There was a great deal of satisfaction involved in being on the staff also. Jim Santarsiero on the *Tiger Pause* said, "Being able to see my work in print gives me a good feeling inside." Being a member of *MACOSH* for example stresses the abilities no other high school student had. There was endless work involved including taking pictures of not-so-interesting subjects, trying to fit a horizontal picture in a vertical space, drawing layouts so often you've gone through five new erasers, and trying to type copy on a ten year old typewriter. *MACOSH* also had a float in the Homecoming parade. Each member made what seemed like endless amounts of fluffies and spent hours constructing a float.

Although there were deadlines to meet, it didn't have to be all work and no play. There was time for socializing, school spirit activities, and just plain having a good time. All things considered, being on the staff of *MACOSH* and *Tiger Pause* was extremely challenging and very rewarding; a combination helping to mold a well-rounded person.

Innovative. *Tiger Pause* Cageliner writers Jim Santarsiero, Kevin Foote, and Mark McKillop pose in front of one edition of the Cageliner.

# M A C O S H

The Mr. and Miss MACOSH finalists were selected by the senior class in the fall of 1984. The contest was based strictly on looks and these were the people chosen as the best looking seniors of the year. Photographs of the finalists were then sent to one male and one female famous movie star or celebrity. These stars then made their choice of the most beautiful male and female senior at MCHS. The class of '85 was proud to have these outstanding individuals representing their class. Two of these finalists received the title of Mr. and Miss MACOSH.

# MCHS OUTSTANDING FIVE

During Tom DiCondina's four years at MCHS he was much involved with sports and his class. Each year he played football and he even played soccer for a year. As a junior he was elected Treasurer of his class and again as a senior he was elected, this time as Secretary. When asked who made the biggest impression upon him Tom replied, "Mr. John Petry, because he has been a great teacher and friend."

Linda Mang enjoyed being a basketball cheerleader more than any other activity in high school. Being on MACOSH, S.G.A., FBLA, and Sigma Phi were all also very exciting to her. Linda says that Coach Wallen has made the biggest impression upon her because, "he has taught me to always think positive." Her advice to underclassmen is "Reach for your goals. If you want something bad enough go after it and things will work out."

Working hard and setting high goals have been trademarks in the life of Percy Wilson. Besides being first string wide receiver on the Varsity Football team, he also continues his domination on the basketball court as the starting center. With the help of his parents, coaches, and friends he has been able to "let go" and not only does he excel in, he enjoys the sports he plays.

Kevin Makowski has spent countless hours working for his class, as a member of student government, and finally as their president. He even had enough time left to put into his studies and become Valedictorian of his class. Kevin says to, "Make the most of your high school years by working diligently and being involved in extra-curricular activities."

John Haas has left a lasting impression on the class of 85. Elected as class president three out of four years he has led his class with dignity, enthusiasm, and the spirit which makes seniors what they are. It hasn't always been an easy path to follow but John has stuck with it and his class and teachers have grown to respect him for his endless devotion and all of his hard work.

## TOP 15 SENIORS ARE HEADED BY KEVIN MAKOWSKI

"Make the most of your high school years by working diligently and being involved in extra curricular activities." Kevin Makowski, Valedictorian for the Class of '85, has been extremely active throughout his high school years. In his Sophomore year he was President of his class; in his Junior year he was President of Jr. Civitans; and in his Senior year he was President of Student Government. In addition to his leadership activities, Kevin was a member of Latin Club, Math Club, National Honor Society, MAO, and Opus Ensemble. Remaining active hasn't taken away from his studies though. He has been on the Principal's Honor Roll for four years.

Kevin said he received most of his inspiration from his parents. He said, "My parents boosted my spirits when I was down, gave me necessary advice whenever needed, and always gave me their loving support." He gives a great deal of credit to the faculty and administration at Martin County High School too.

Kevin received the PRIDE award in Mathematics, Science, and Writing. He has won numerous essay contests, oratorical contests, and writing contests.

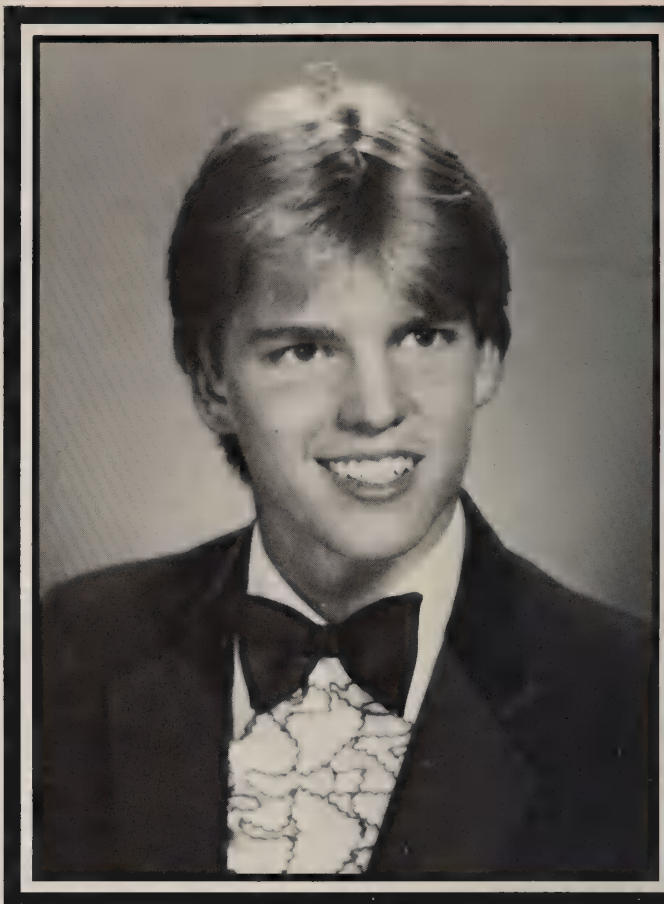

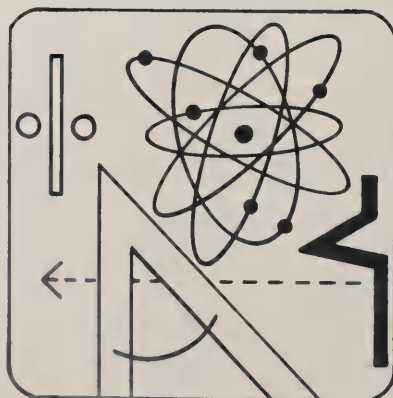

Kevin's future plans include college and Medical School. His career goal is a degree in either Medicine or Biomedical Engineering. "Hopefully, my future will demonstrate success, as well as happiness," Kevin commented.

Mark Jones, Salutatorian for the Class of '85, is well known among his peers for his exceptional wit and personality. He has displayed academic excellence throughout his high school years.

He remained on the principal's honor roll for four years. He received the PRIDE award in Mathematics, Science, and Writing. His Science Fair projects have won first and second places on the district and state levels of competition.

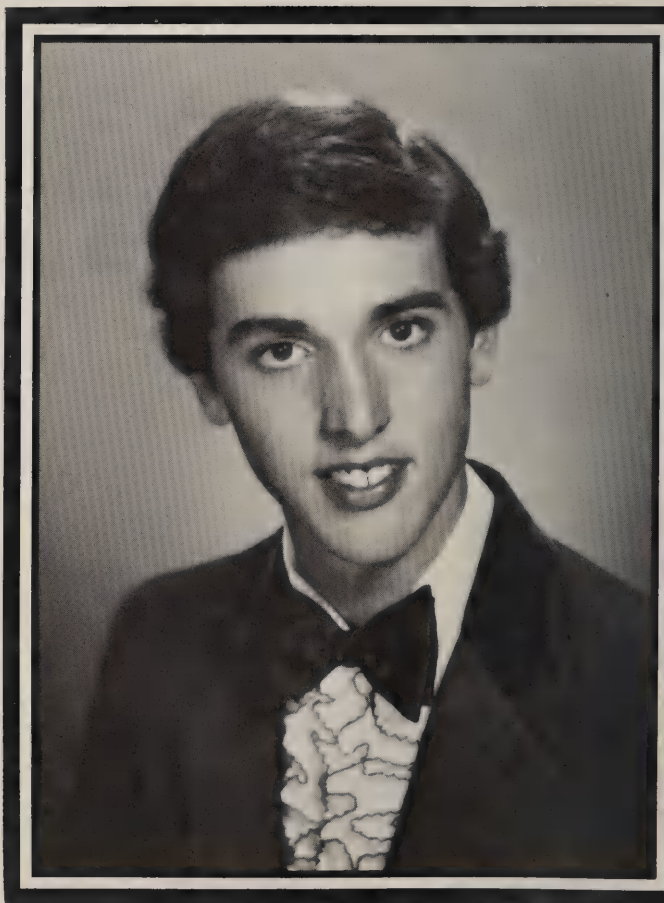

Mark had remained active outside of the academic realm too. He was a member of Latin Club, Math Club, MAO, and National Honor Society.

His future plans include attending college in one of the northeastern states. An excellent math and science student, Mark plans to study engineering at college.

# AN EARLY START ON LIFE

In a sense, they were members of the class of '84, but in our hearts they are remembered as the class of '85. There were seventeen seniors that graduated on December 21, 1984. The ceremony included a speech from James Navitsky that centered the importance of setting the right priorities for the future. Presenting an outstanding performance, Opus was the entertainment for the night. The ceremony also included speeches from John Haas, senior class president, and Kevin Makowski, student government president. The graduation marshals were Liz Fedeles, Duxy Glancy, Chris Horrell, and Joel Madden. Although it was a very nice ceremony, Shanna White, Opus member, commented, "The December graduates don't get enough recognition at their graduation." Even though most of the student body was unaware of this evening, it was a memorable one for those who attended.

The following people were the December graduates of the class of '85: Michelle Marie Callahan, Stephanie Claire Campo, Michaela Deignan, John Robert Dunning, Jr., Amy Lynn Jones, Mark Edward Lister, Samuel Thomas Mahoney, Douglas Scott Melendez, Michael Paul Mitchell, Dale Joanne Moorman, Elizabeth Ann Newman, Robert Henry Noll, Ricky Laroy Reaes, Mark Keith Stonum, Lisa Allison Tate, Carol Mae Taylor, and Timothy Jerome Whitty.

1. MCHS students Rick Schad and Brad Burdick show off their Tiger Spirit at the 1st Tiger-Bulldog football game.
2. Members of the JCL Club parade down Ocean Boulevard.
3. Tigerettes Allison Deinard, Paula Rodriguez, and Kelly Sweeney contribute their spirit by releasing 3,000 blue and gold balloons at the MCHS-SFHS football game.
4. SADD teaches all a lesson of drinking and driving.

There were many great student activities this year; with them there were also a few surprises: Surprises such as the Juniors' victorious win over the Senior girls in the powder-puff football game and the varsity football team's glorious win over the SFHS Bulldogs.

The crowning of the new homecoming queen was a memorable

event. There were many pep rallies and performances this year and along with them went many parties.

The fads were definitely unusual. Flourescent colors were "in" and (from last year) the twenties look was still in style.

The most memorable moment of this year was, by far, the graduation of the Class of "85."

## D.C. HERE WE COME

Pulling out of the school parking lot at approximately 7:00 a.m. on Sunday morning, May 27th, were the seventy six members of the Martin County High School Tiger Regiment. Along with Mr. Robert Roadman, the Band Director, several parents and chaperones, their destination was Washington, D.C.

After traveling all day Sunday with an overnight stop, the Band arrived in Washington, D.C., on Monday about 4:00 p.m.

On Monday the Band toured the National Zoological Park and National Archives.

Tuesday was spent at the Bureau of Printing and Engraving, F.B.I. Building, Ford's Theatre, and the Peterson Home, followed by a tour of the Washington Monument.

Wednesday the Band gave a concert on the steps of the Capitol after which they took a tour of the Capitol. The afternoon was spent at Mt. Vernon and the evening ended with a performance by the Navy Band.

Thursday the M.C.H.S. Band took a tour of the White House and later played a concert in the President's Park. The afternoon was spent at Arlington National Cemetery with a wreath-laying ceremony at the Tomb of the Unknown Soldier.

The Band toured all of the Smithsonian Institution's Museums on Friday and later sat in on a Marine Corps concert, departing from Washington, D.C. that night and arriving in Stuart at about 5:30 p.m. on Saturday.

When asked about what kind of time they had, Senior Jon Hogan said, "It was a once in a lifetime experience."

Senior Kevin Grzelka said, "It was fun, but it (the trip) didn't last long enough."

Last Minute Intensity. The Tiger Regiment practices one last time in the hotel before their performance at the White House later on that day.

Majestic View. The Tiger Regiment percussion section performed with the Washington Monument in the background.

Proudly. The Tiger Regiment Flag Corp performs their can-can routine during the performance at the Presidential Park located across from the White House.

The New White House. The Tiger Regiment is seen here touring the newly renovated White House.

Smile. Carrie Hartman, Lori Smith, Linnea Beard, and Christine Robson take time out of their tour of the National Zoological Park to pose for Macosh cameras.

Looking Good. The Pride of Martin County, the M.C.H.S. Tiger Regiment, pose in front of the United States Capitol.

A Sad Moment. For the remembrance of all of those who died for their country. The band members Kevin Nydam and Wade Adams placed a wreath on the base of the Tomb of the Unknown Soldier, located at Mount Vernon, Virginia.

A Proud Moment. The Tiger Regiment performs at the Presidential Park located across from the White House.

What Is That??? One of the many stops made by the band included this stop at the monument entitled, "The Great Awakening," located near the edge of the Potomac River.

Being watched. After being crowned Kick-Off Queen in the rain, Linda Mang shows off her "non-drenched" look in the Homecoming Parade.

What's next? Freshmen, ready for a new start, prepare themselves for an extremely long day of school.

Keeping an eye on things. Patiently waiting, Hal Harlow realizes that the blood donation is almost over and he will have some blood left.

Inducting new members. At the National Honor Society Induction

## PRESSURE WAS THE KEY WORD

**THOSE BUSY DAYS . . .** During the first couple of months of school, one activity always seemed to lead into another. If it wasn't getting involved in a particular sport, it was participating in after-school activities.

Being a popular sport at Martin County High School, the first football game of the season took place on September 21, 1984 in which the Kick-Off Queen for the 1985 year was chosen. Taking a vote twice, the football team first chose the top four and finally the Kick-Off Queen of 1985. During the half-time against Boone, the results were announced. Among the four contestants of Ellen Feeley, Linda Mang, Felicia Froehling and Cheryl Holyfield, Linda Mang was crowned Kick-Off Queen of M.C.H.S. After a 22-0 win over Boone, the Students of M.C.H.S. felt that there was much to be celebrated.

Adding to the many activities that occurred, the National Honor Society Induction Ceremony was held October 3, 1984. The ceremony was conducted by the President of the Honor Society, David Lee. It was well attended by the proud family and friends of those students inducted. The club advisor, Mr. Richard Powell was present to congratulate the new members. A surprisingly large number of students were inducted into N.H.S. Exactly forty-four were recognized for their accomplishments and achievements in the areas of scholarship, leadership, character and service. Each member received his certificate and took part in the lighting of the candles commemorating the light of knowledge.

Held every year at M.C.H.S. was a Blood Drive on Sept. 18, 1984. Thirty-four people donated blood, which was going to the Palm Beach Blood Bank.

For the many Freshmen wandering the halls the first few days of school, the high school was altogether new. More was expected from each student by the teachers this year. As Diana Ragl said, "This is where it really begins." They were now at the bottom of the totem pole. They were constantly subjected to totally new routines. As was expected, the freshmen were often belittled by upper-classmen, but in time learned to handle anything as we all must do.

The opening of school proved to be a very busy time for everyone. Between new teachers, many assignments, extra-curricular activities and club memberships, spare time was hard to find.

A night to remember. During the ceremony of National Honor Society Inductions, new members light their candles to signify the light of knowledge.

Ceremony, 44 new members were being added to the list of recognized students.

## THE CLASS OF 86 CAPTIVATED THE CROWD WITH THEIR UPSET

Hard weeks of practice and long hours of worry is what being a powderpuff player was all about. The junior Powderpuff team practiced for three long weeks in September and learned so much as a whole. Not only did they learn how to play a good game of football, but they learned how to pull together as one. They were a team out on the field trying to win a game—not just a bunch of individuals trying to score a few points. Having lots of spirit and lots of confidence were the two main qualities most everyone had. Feeling like “stars,” each team member enjoyed her moments in the spotlight. When it all came to an end and the curtains were drawn, the Juniors looked ahead to next year’s game. Not only did they beat the seniors, but they came together as a class and helped each other through a great game. Congratulations to the Class of 86.

Seniors,  
You thought you were tough  
You thought you were bad  
Too good for practice  
Too good by a tad.  
  
You said, “We’re the Seniors  
So just beware  
When we get on the field  
There’ll be guts everywhere.”  
  
Well, we got on that field  
And we won the game  
The BIG, BAD JUNIORS  
Put the seniors to SHAME!  
  
The Class of 86

With lots of emotion, the junior powderpuff players cheer on their way to victory in the afternoon pep rally.

WITH ENTHUSIASM, Eric Price, the 1986 class Treasurer sits in the sun the day before the game trying to pep up the junior girls.

After the hard days of practice, the junior girls parade around the courtyard satisfied with their outcome.

Finally after the long wait during halftime, Rob McAbee was crowned the Powderpuff King of 1984.

Up all night, Suzanne Daly, Kelsey Haynes, Cristina Maldonado, Jackie LaRosa, Colleen Carmody and Julie Kappert celebrate their glorious victory.

Ready to kill, Julie Kappert and Rene Prekup help Jennifer Whitty defend the end zone.

Enjoying their breakfast at Crazy Horse, Kandice Combs, Mary Gladwin and Tracey Ponsoldt take a break to pose for their junior spirit.

## SENIOR POWDERPUFF CHEERLEADERS WIN!

The rain, which had relentlessly inundated the area all day, suddenly ceased, skies brightened, and a few puffy clouds floated overhead. Field lights turned recalcitrant raindrops into glittering jewels as Martin County High School juniors and seniors battled for the 1984 Powderpuff crown.

An enthusiastic crowd cheered the players as they assumed their positions on the field. An aggressive, emotional game was played with the juniors defeating the seniors by a score of 12-8.

During halftime ceremonies, the seniors were announced as winners of the cheerleading competition, and Rob McAbee was crowned 1984 Powderpuff King as the Pep Band played.

Everyone agreed that the game was a hard fought battle. Both junior and senior coaches felt that the teams were evenly matched, and spectators enthusiastically stated that Powderpuff 1984 was an evening of excitement and entertainment.

# FLUFFIES . . . . . . FLOATS FANTASY

Fluffy making was evident, chicken wire was collected, and boards were found—float building for Homecoming had begun once again.

The theme of the 1984 Homecoming Parade was Cartoons and Comic Strips. For two solid weeks, October 8 through the morning of the 19th, students, teachers, sponsors and parents worked for long hours on their floats. Most people chose to work on one float; however, others contributed time to two or even three structures.

For the Seniors, all of the time spent in construction paid off. They came in first place in the competition between the classes. Their winning float was Prince Valiant's Castle which was huge. The Juniors float of the Flintstones and the Sophomores float of a tiger in a Superman suit tied for second place.

In the Club Division, The International Club placed first with their float of Pepe Le Pew spraying a Brahman Bull. Speedy Gonzalez circled the float in a go-cart. Macosh, which had Snoopy holding a football sitting on a Brahman Bull tied with Pac-Man chomping a Bull made by the National Honor Society and the Math Club, for second place.

Students Against Drunk Driving received first place for the Decorated Car competition. They depicted a drunk driver speeding into Porky Pig.

After the Parade, the floats were taken to the MCHS football field to be viewed by all who attended the game that victorious evening.

Homecoming '84 was an action packed week-end with beautiful weather and lots of spirit. The week-end started with a bonfire the night of October 18, 1984 after the J.V. football game. It began with a great victory for the Freshmen and J.V. football teams against South Fork. After the exciting games, everybody rushed over to the fire to cook their hot dogs and marshmallows and to cuddle up with each other. It was a great night and a perfect beginning for a Homecoming week-end. Thursday evening was also spent putting last minute touches on the floats for the parade the next day.

All the candidates looked beautiful with their well attired escorts and drivers on Friday night before pre game activities. Mrs. Fleming scurried around trying to get everything organized and in place, and then the pre game finally began. "Drivers start your engines," Mrs. Fleming said over her loud speaker. One car after another filed into one long line heading for the field. The lovely ladies were paraded around the field and were introduced by the announcer. By this time the anxious crowd was ready for the game to start; Martin County vs. Okeechobee Brahms.

The homecoming spirit was projected through the Tigers sweeping the game out from under the Brahms, 43-7. The strength of the Tigers was shown time and time again by excellent playing. The halftime festivities began with a review of all the floats. These were the results of the judges: First—Seniors, Second—Tie between the class of '87 and the class of '86. Other awards included the spirit week awards, these results were: First — Seniors, for class: First — MACOSH for clubs.

The highlight of the evening came with the crowning of the 1984 Queen: Paula Rodriguez. She was crowned by the 1983 Queen, Janet Holder and the candidates congratulated the new reigning queen.

To end this exciting and fun filled week-end was the Homecoming Dance which was held on Saturday, October 20 from 8 p.m. to 1 a.m. The highlight of the dance was the traditional dance between the queen and her escort. All the candidates were required to go and they again looked very beautiful. The dance was very well organized and our favorite disc jockey was playing songs on request. This helped make the dance one of the better ones at MCHS.

Homecoming '84 was definitely a well planned week-end. Many hours of hard work were put in by students, faculty and parents. We can all look back over Homecoming '84 as one of the best!

Lisa Decker and Jenny Hunecke, representing the Sophomore Class, watch the game with their escorts Bryan Polhemus and Wilk Emerson.

Lori Wells and Julie Santagata, representing the Freshman Class discuss what to do next.

Randy Crain and Ellen Feeley wait patiently for the halftime ceremonies during the game.

The Queen. With her proud parents, Paula captures the exciting moment after the crowning.

Paula Rodriguez embraces happy friends after the crowning.

The two captains Levern McFadden and Percy Wilson await the tossing of the coin against the Brahman.

Here come the Tigers! The Tigers make the grand entrance in the game against the Okeechobee Brahman at the MCHS field on October 19, 1984 which ended up as a great victory for the fighting Tigers.

During half time. Stephanie Harrell receives 2nd place for the Sophomore float, and Liz Fedell also receives 2nd place for the Junior float. Both classes were tied.

And the 1984 Homecoming Queen is . . . Paula Rodriguez! The 1983 Homecoming Queen, Janet Holder crowns and congratulates Paula for her exciting win.

## FOOTBALL

"The temperature was very hot, but that didn't seem to matter. I was so psyched up that the hot temperature didn't bother me. The crowd kept my energy up throughout the pep rally, and it was a major contribution to the high level of energy during the pep rally," stated Varsity football Tiger mascot, Julie Morgan. This reaction explained the atmosphere during the South Fork football pep rally. The pep rallies were held in the gym and on the new stage. They included pie throwing, a loudmouth contest, speeches by Captain Percy Wilson, and lots of screaming.

## BASKETBALL

"The South Fork pep rally showed the tremendous spirit our school has for its awesome Tiger team. We all love the extracurricular support from the Tiger fans and hope to be the 1985 state champions," commented Varsity basketball cheerleader, Laura Mayer. These words alone explain the feelings by the entire student body toward the South Fork basketball pep rally. The hotdog eating contest, balloon busting, cheering and the dancing seemed to bring the crowd alive more than ever, and allowed the pep rally to be a great success.

## SPIRIT WEEK: FALL '84

In the fall of 1984 we had a spirit week that coincided with our homecoming. With all the various homecoming activities such as float building and fluffy making, we also had different dress-up days and before school competitions. Also instead of the usual pep-rally, we had a bon-fire the night before the big game.

A lot of people participated and won class and club ribbons. Seniors won the class competitions and MACOSH won club competition.

The homecoming events also with the spirit week made everything a success and also fun.

# REBOUND WEEK RAISES SCHOOL SPIRIT

During football season, the "Dogbusters" theme was popular. Then ... the fighting "Cinderella" tigers were back to prove Martin County's basketball team was best. "Rebound Week" was the week of the South Fork game when the classes and clubs competed in contests such as: balloon stomp, tug-of-war, and even dressing up for special "theme" days like Pajama day and Blue and Gold day.

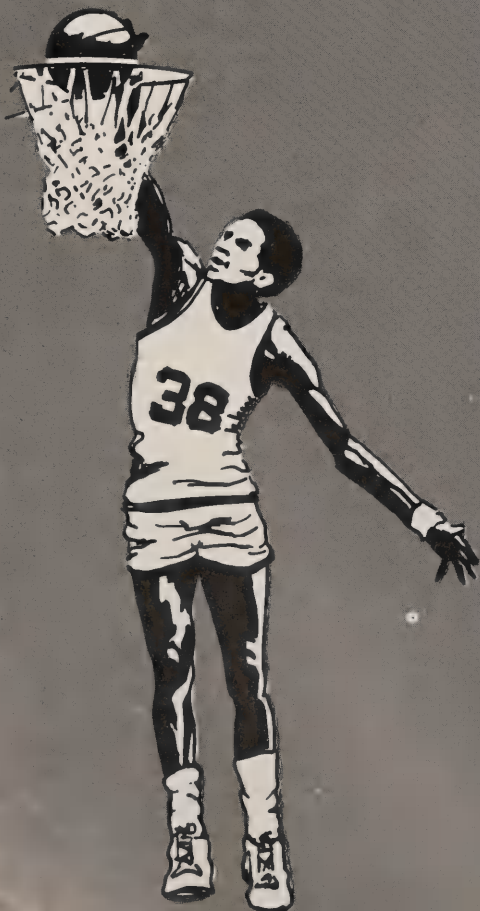

On the day of the pep rally, the winning class or club was announced. The Class of 1987 took first place; the Class of 1985 took second, and the Class of 1986 took third. The winning class and each club who won any contest received points towards Class or Club of the Year.

The students seemed to enjoy the activities as indicated by their reactions:

"Despite the cold weather, the week was fun" stated Steve Butcher.

Wilk Emerson described spirit as "fun, excited and spirited."

The enthusiasm, spirit, and electricity that filled Rebound Week was exciting and will always be remembered for a long time. Perhaps Patti Hays summed it up best by saying "The week was on fire!"

Boom! Jerome Stone has difficulty sitting on a balloon while competing in the "sit on your balloon" contest.

## PARTIES, PARTIES, AND MORE PARTIES

"Lucky Star," "Let's Go Crazy," and "Just On It" were the main tunes for the year that blared through the speakers at everything from football games to formal parties. Semi-formal invitation only parties became very popular with the seniors this year. These parties were much calmer than the typical week-end gatherings and had the advantage of not being crashed by unwanted guests. The night usually consisted of dancing, socializing, and consuming the catered food and drink that were sometimes provided.

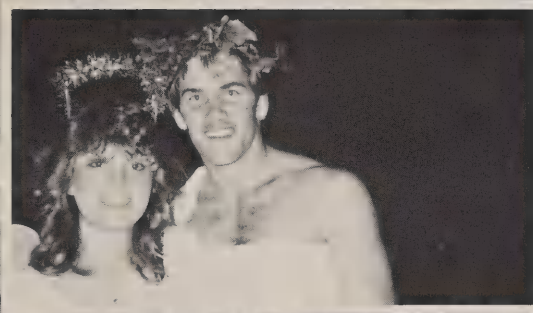

On to the next party, once again the senior class helped Mr. Petry celebrate his birthday by presenting him with a cake and two Opus singers as the entertainment. The seniors crowded as many people as possible into the class office to take part in Petry's 41st birthday.

The guys took part in Monday Night Football parties regularly during football season at Coach Jones' house. Playing pool, feeding their faces, and watching the game on TV were what the guys looked forward to on those Monday nights.

Wednesday nights could also be fun, especially on Halloween. A costume party at Kelsey Haynes' house was the excitement for the traditionally celebrated night. Her backyard was crowded with every sort of costume from The Blue's Brothers to Miss Piggy.

The Varsity Football Cheerleaders brought about the "Come As You Are Breakfast Party". The victims were the new varsity squad for next year. It was their initiation which all the new girls passed (needless to say, they all looked lovely at 6:00 a.m. in their flannel robes.) The Village Inn Restaurant was the location for this party.

One of the most successful parties this year would probably be the New Year's party at Powers' house. The excitement mounted and the party grew louder as the new year approached. "We partied so hard that we won't need to celebrate the next five New Year's. The music jammed and everyone danced. I still want to know how I got home," stated John Hess.

What A Couple. On Halloween night, Ellen Feeley and Jake Hess pose as an angel and a Greek god.

## SPECIAL PERFORMANCES

On Thursday, January 31, 1985, the Martin County High School Drama Club presented its play, *Time After Time*. The play, showing for two days, Thursday and Friday, was held at Palm City Elementary School. The main characters of the play were: David Bell as H. G. Wells, Terry Bretas as John Leslie Stevenson (Jack the Ripper), and Julie Schwaderer as Miss Amy Robbins.

Director David Bell, also starring as H. G. Wells, talked about the production of the play. "The biggest problem was confirming the performance dates. There were too many conflicts during basketball and wrestling seasons. Also, locating a time machine was a problem."

Drama Director Mrs. Flynn claimed that, "the play was a huge success; the students alone donated over a hundred and fifty hours of their time in rehearsal."

Both Opus and Band practice daily for various performances which they gave throughout the year. The band had their district and Symphonic competition as did Opus. Opus and Band attended nearly all school functions and gave several public concerts at various times. Both spent countless hours practicing to once again make the Tigers number one with superior ratings.

# FUNDRAISERS EXPLODE!

From bursting fireworks to candy sales to car washes, MCHS was famous for its endless fundraisers.

Fundraisers provided athletic uniforms and traveling expenses, fieldtrips, competitions, and other student activities. Cheerleaders raised money for uniforms by sponsoring car washes, candy sales, and selling programs. The MCHS baseball team played 100 innings; the tennis team had a Tennis-a-Thon; and the swim team had a swim-a-thon to raise money. Spanish and Latin students sold candy to help pay for the cost of the district competition. OPUS raised money for their trip to St. Louis by sponsoring a pancake breakfast. To help keep the cost of the yearbook low for the students, MACOSH staff members sold ads for the yearbook.

Fundraisers were a dynamic part of MCHS student's lives.

# RAD FADS OF "85"

Fads of the year began with the styles of people. Throughout the year the way people dressed dealt with the sports they participated in and the music they enjoyed. These styles include hardcore, surfer, and preppy.

Another fad includes the famous Cabbage Patch Kids for all ages. Last Christmas, the stores were left empty of these unique dolls.

Trivial Pursuit also came in big this year. Trying to impress your peers, was the name of the game.

Haircuts also cut their way into the spotlight. Short hair seemed to be the "look."

This year was election year and the Republican Party was a fad of its own. It was made very obvious that Republicans regained their previous popularity.

Rock music and rock stars have really influenced people this year. They really reflected among the high school students because everyone wanted to be like someone famous. There were the favorites that every-

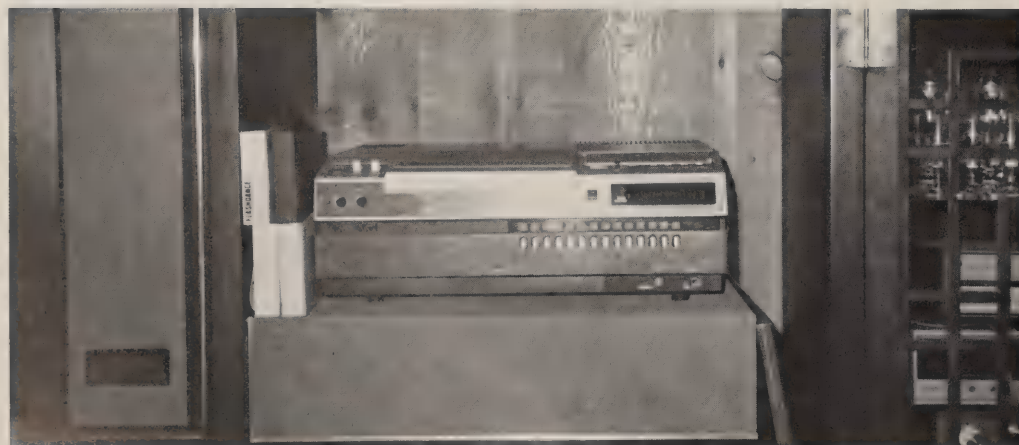

one enjoyed. These famous fad setters were Cory Hart, the popular sunglass trend setter, the Quiet Rioters of the heavy metal crowd, and the slow music fans of Lawrence Welk.

Fads are something that usually stay with people for a time-span. After that, new fads easily replace the old ones. There are so many types of fads that can be set. Our school has so many different types and that is what makes everyone different.

Concentration was the key word when Peter Stocker entered his bridge in the 1985 Science Fair.

By popular demand, VCR's became a lucky star this year.

Hardcore dress became a new ideal fad for Heather Martin.

Showing off their Jammin' Jackets, Linda Mang, Roger Whitty, Alicia White, Fred Peterson, Jennie Brain, Melanie Seal, Holly Sibr, Tracey Ponsoldt, and Kristi Vaughn support their school by wearing the jackets that resemble the activities they participate in.

Getting up enough nerve, Mary Gladwin finally gets the new, unique, and hot hairdo of her dreams.

Decorating lockers became a fad for Dean Burdge and John Galvez.

Having a little fun does not mean you have to be young because Cabbage Patch Kids are for all ages.

WHAT WAS IN STYLE

BOOM! BANG! POW! Sounds from a spectacular fireworks display were heard all around Stuart on Friday, November 16. The last football game of the season was climaxed by fireworks, thousands of cheering fans wearing "Dogbuster" shirts in gold and blue, over four thousand balloons and best of all—the scoreboard which lit up: Home—22; Visitors 0.

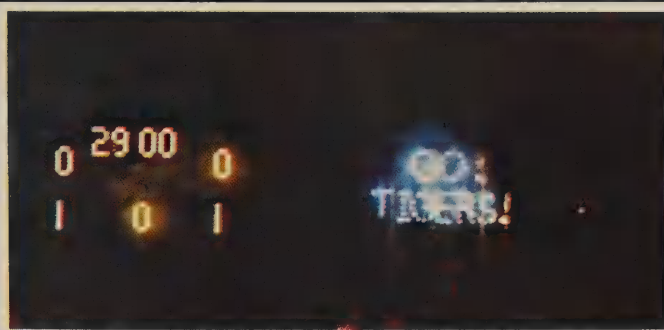

Who ya gonna call? DOGBUSTER!! Those words echoed through the halls of MCHS during the week by means of music (the MCHS version of "Ghostbusters"), decorated doors and halls, and 600 DOGBUSTER shirts.

The morning of the game began with a police-escorted parade around campus which was followed by a snake dance led by the band, players, cheerleaders, Tigerettes, and many other students. The school day was climaxed by a giant "DOGBUSTER" pep rally in the football stadium.

The game that everyone had waited for came . . . and it will go down as the most spirited game and week in Martin County History.

Between 3:00 and gametime, the Tigerettes, cheerleaders, and Opus members filled 4000 balloons with helium and released them just before kickoff.

A one thousand dollar fireworks display sponsored by the cheerleaders and funded by the entire MCHS community was produced and magnificently shot by Bill Yurillo, Jensen Beach firefighter

3. Accompanying the International Club Float at the Homecoming Football game, Michael Laidlaw draws attention to the crowds.
4. Kevin Howard, Stacey Sala, Steve Potts, Shannon White and many others of Opus perform at Indian River Plantation Car Show.

Clubs expanded their horizons this year in their endeavors and achievements. During Homecoming activities, International Club won first place in the parade with the best float, and the National Honor Society and Math Club tied with MACOSH for second place. MACOSH won the most spirited club for spirit week. The tiger Regiment had an exceptional year receiving a Superior Rating at District Competition as did Opus '85. Student Government led an extreme-

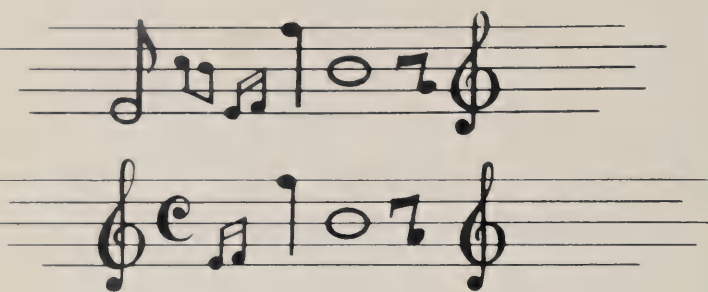

ly active year adding to the annual activities. Members of French Club went to France for a month, International Club held their annual Caribbean Caper, and new clubs were formed such as Rowdies and Jets. As a whole, all of the clubs at M.C.H.S. participated successfully in their many projects such as float building, Christmas Wall, Spirit Week and fund-raisers which included candy and flower sales, car washes, spirit button sales and program sales.

## OPUS

Outstanding people united to sing—that is what OPUS '85 stands for. This elite choral ensemble of forty-eight members sang for various community civic clubs and churches on the Treasure Coast. OPUS is nationally acclaimed and responsible for consecutive superior ratings at District, State, and National Competitions. For the past two years OPUS has brought home the “Best in Show” award from national festivals. Under the direction of Ronald Corbin, OPUS spends many hours rehearsing, using their full potential to be the best they can. MCHS is extremely proud of OPUS for their reputation as an elite, superior choral ensemble . . . and family.

## ROWDIES

Have you seen the change in spirit among MCHS's students?

The newest club on campus, The Rowdies, brought a new meaning into being a Tiger. Using crepe paper, markers, glitter, and posters, the Rowdies made every Football and Basketball player personalized gifts and items to make each player feel special.

At the games, the spirit club helped bring unity between the crowd and the cheerleaders. Julie Boarman, the Football mascot, humorously admits, “It was exciting when we secretly went into our player’s locker and left surprises: things like cookies, candy, brownies, and sometimes even lunch.”

At the football banquet, the Rowdies presented their secret pal with a very special scrapbook. Each girl collected newspaper clippings, game ribbons, and other memorabilia throughout the seasons.

“All the sneaking around was very risky but at the banquet the surprised look of appreciation made it all worthwhile,” said Angie Forsberg.

Through all their efforts, the Rowdies made the football and basketball seasons great.

## MACOSH

Working hard, having fun, and producing the best yearbook MCHS has ever had is what most staff members think MACOSH is all about. Thanks to people like Mrs. Jones, who is MACOSH's sponsor, MCHS has a yearbook that everyone can be proud of. This year she, along with the more than forty dedicated staff members spent thousands of hours preparing layouts to meet deadlines. It seemed like a lot of work but as Mrs. Jones said, "it's fun working with the students and I enjoy producing a successful product."

This year under the leadership of co-editors John Godzina, Elizabeth Roos, Beth Bower, and business manager Fred Peterson, MACOSH accomplished many things. One of the biggest reasons for their success was the selling of over 1300 copies of the book for the first time. When asked what was best about being on MACOSH Jill Holmstrom replied, "Being around a group of fun people and working together to do something for our school." In their spare time staff members also managed to construct a second place homecoming float which had Snoopy riding a Brahman bull. Out of five spirit competitions, they took three first place ribbons to win spirit week. All of this helped MACOSH to remain one of the best clubs on the MCHS campus.

## BAND

Among the highlights of the year for band members were the superior ratings awarded to them at the district band contests. Among other memories were the pre-season and pre-game practices preparing the shows for halftime performances. At night, these practices took place on the practice field illuminated by the headlights of any car with an owner willing to donate it for that purpose. Practices brought forth the scent of "OFF" mingling with that of perspiration and sunburned flesh as flags were twirled and instruments were turned at a sharp angle of march. Naturally, the outcome of hours of marching practice centered around the scent of linament used on sore muscles unaccustomed to such use. The pull of these muscles, the bite of insects, the feel of perspiration, the discomfort of marking time in puddles of rainwater are feelings band members will not forget. Also common to any band performance were the sounds of the drums rapping out cadence and a lead trumpet picking up the solo and soaring with it.

At the sound of a whistle, all field activity ceased, announcements were made, and the ranks were broken, dispersing bandmen and flag girls like autumn leaves and leaving them prepared for Friday night's performance.

# NHS

"It's a convention of minds," said David Lee, president of the MCHS National Honor Society, smiling at the sound of what he had just said. When asked what the purpose of NHS was, David replied, "We're a community service club." NHS, a club which honors students that strive for academic excellence and are good all-around citizens, is a society whose members excel in scholarship, service, leadership, and character. A 3.5 grade point average and teacher references are required for membership.

During the year, NHS participated in Homecoming, tying for second place with their Pacman float, sponsored the Senior banquet, and held their annual Brain Bowl. In addition, they gave a \$200 scholarship to an NHS member and donated \$700 to the Peace Corps to help an underprivileged group of people in a foreign country.

Other officers were Vicki Ripper, vice president, Mark Jones, treasurer, Tina Murphy, secretary, and Kevin Nydam, parliamentarian.

New officers were elected to take office in January. These were: president, Kelsey Hanes; vice president, Roxanne Greitz; treasurer, Stephanie Harrell; secretary, Dusty Glancy; parliamentarian, David McClellan.

# DRAMA

Lights, Camera, Action! Off went the many members of the 1984-85 Drama Club onto the stage for their first production. Their first production was a drama, "Time After Time," by H.G. Wells, which was put on in January after four to six weeks of practice in which the teenage actors and actresses practiced two or three times a week.

This past year's Drama Club was made of many new hometowners and many new members, almost all of which have had theatrical experience.

When Mrs. Flynn was asked what the outstanding features of this past year's club were, she replied, "Enthusiasm, and an enormous amount of talent."

The Drama Club officers were as follows: David Bell, president; Liz Sentz, vice president; Julie Schwadener, secretary; Michele Pelletier, treasurer.

Mrs. Flynn seemed very excited about the club's two productions, "Time After Time" and a musical, "Grease", that they prepared to put on in the Spring.

## DCT

Cooperative Education Clubs of Florida (CECF) was a state sponsored club which offered students leadership opportunities and participation in district and state contests. The class derived from CECF was DCT, Diversified Cooperative Training. This was a co-curricular class in which juniors and seniors attend classes in the morning and work in the afternoon.

The club participated in several state and district contests. In the District XII poster contest Scott Schlawiedt won 1st place and Joey Sesta won 2nd in the 4-County area. The club also took part in the Christmas canned food drive.

Robin Campbell, Scott Schlawiedt, Joey Sesta, and Don Bender were very active members in CECF club events.

The club's goals were to bring the DCT students together as a team and to help them grow as persons and as a group.

The club took part in the homecoming parade this year. Lisa Saccocio represented her club as a homecoming candidate.

A typical CECF meeting would include the topic of fund raising, and planning for club breakfasts and contests.

CECF has been a part of the DCT curriculum for over 20 years at Martin County High School.

## TIGER PAUSE

Under the new leadership of Mr. Tim Black, *Tiger Pause*, the school newspaper formerly known as *Tiger Tribune* published more newspapers than any other year in the history of the school. At first, the paper was published once each month. Then, when the students were able to go to computer printing, the time between publications increased to one every three weeks.

The newspaper covered every facet of campus life: sports, special teachers, academics, and many special features in each issue.

The newspaper became a vehicle of expression for not only the members and editors of *Tiger Pause*, but it also became a voice of the students on campus as they felt free to write Letters to the Editors on just about every subject that concerned them.

# PEGASUS

Pegasus is a literary magazine written and produced by Martin County students. The goal of this club was to produce a magazine that was of great literary quality. This magazine, *Pegasus*, was produced once this year and was usually sold for one dollar. When asked how he felt about the club, Terry Bretas, the assistant editor, replied, "It's great, It's cool, It's fun, It's now!"

Pegasus participated in all the regular club activities just as all the other clubs did, but their goal was their magazine. This year's homecoming candidate was Jennifer Calhoun. Pegasus is a collection of stories, poems, hikus, and other types of literary works, all of these which were written by Martin County students. Anyone could submit their writings to Pegasus as long as they were attending Martin County High School.

## FUTURE HOMEMAKERS

Future Homemakers of America has contributed a lot to MCHS as well as to its members. To the school it provided an opportunity to participate in a nationally recognized club and to the members it helped them to develop individually in their family, at school, and in their community.

Homecoming was one of their first involvements. Their candidate was Laura Spradley who was also their vice-president in charge of the program of work.

# FBLA CLERICAL

For the first time in 12 years, there were not enough students enrolled in the business co-op program (CBE) for it to remain active. Mrs. Carol Hogan became the advisor of the Clerical chapter of FBLA. FBLA Clerical met in school once a month during the two-hour clerical office procedures block.

There were eighteen members in the club. One outstanding member was senior Sharon Wood, who went to Atlanta in July and competed in Advanced Shorthand. She placed seventh in the entire nation. FBLA members participated in many contests in the field of business. They had district competition in February, State competition in April, and will go to nationals in July.

Advisor Carol Hogan commented, "Through learning parliamentary procedure, students learn how to work together and cooperate in meetings and committees. Through competition, students learn to work up to their finest potential!"

# STUDENT GOVERNMENT

Student Government consisted of ten representatives from each class. Mrs. Fogerty was the sponsor of S.G.A. Their main goal was to help the student body pull together and have a good year.

Every fundraiser for any activity had to be approved through Student Government. S.G.A. was like congress; everything went to them first and they took a vote to pass the motion. When asking the students if they enjoyed being in the club there was a fast answer, "YES!"

Student Government did a good job in the different events which occurred during the year for the students.

## GERMAN

This year's German Club was new to Martin County High. There wasn't a German Club first semester, but Mrs. Hovis began to create one during the second semester. The German classes together have approximately thirty students and had a pretty good number for such a small class. This year the German Club did not participate in competitions due to the amount of students in the club. All the students had to do to become a German Club member was to be enrolled in the class. Mrs. Hovis, the German teacher at Martin County says, "Things were unstable at first, but are progressing nicely!" Mrs. Hovis is new to the school and has done an excellent job with our German Club.

The members of the JETS: Rick Sciscente, Richard Searle, Jennifer Palmer, Adele McIlroy, Mark Jones, Chris Horrell, Mike Enot, Grant McIlroy

## KEY CLUB

For some years a prominent club on the MCHS campus was the Key Club. However, after last year interest and members of the Key Club seemed to fade away, so the club was not active most of the 1984-85 school year. Although the year was coming to a rapid close, in February the Key Club began to gradually become active once again.

The Key Club was among one of the more unique clubs on campus. Sponsored by MCHS teacher Mrs. Henderson, this club was an organization of members dedicated to community service. A few of the recent things this group has done for the benefit of our community include helping to sponsor the Special Olympics, aiding in the decoration for a special breakfast served at the Stuart Convalescent Center, and sponsoring the lunch for the Southern Association Education Committee.

The Key Club: Mike Reynolds, Nicole Saunders, Cassie Nordenbrock, Mike Casella, Susie Metz, Suzanne Smith, Kathleen Murphy, Joann Barthet, Stacey Wadell, and Karen Daly.

Math Club: Mrs. Pecor, Lisa Flowers, Shawna Biddle, Vicki Ripper, Teddy Rathkopf, Pat Reilly. Second row: Lara Marek, Eileen Nehme, Jeff Appel, Chris Horrell, Tricia Walks, Lillian Figueredo, Adelle McIlroy, Kelly Bond, Kathy Crowe, Kim Roman. ## MAO

The Math Club participated in many meets and tournaments this year. Some of them were: IRCC Math Olympics, Palm Beach Gardens, Berkeley Prep., Charlotte County Schools and Coral Springs. Under the sponsorship of Mr. Chuck Fulton and Mrs. Pecor, the club had a very successful year. The officers of

Math Club were: President Vicki Ripper, Vice-President Adelle McIlroy, Treasurer Stan Liss, Secretary Chris Horrell, Historian Eileen Nehme.

Goals for this year's club were: "To be the best Math Team in the state or at least, in the Top Three Teams in the state," stated Mr. Fulton.

The highlight of the season was perhaps coming in first place Math

Olympics held at IRCC at the beginning of the season. Students competed at their own level of Mathematical skill in each of the competitions. Many of the practice meets were held against other schools to help students prepare for the upcoming meets. Any student could be a member of Math Club; all he had to do was come to the meetings or the competitions.

## BETA

An active club on campus, Beta Club pledged to serve MCHS and the community. This year Beta Club's membership grew due to the fact that freshmen were allowed to be members. Anyone who had a GPA of 3.0 or higher, and was willing to forfeit their free time to participate in community service were prime candidates for Beta Club.

Co-sponsor Barbara Webb said, "I sponsored Beta Club because it encouraged scholarship, leadership, and service. Beta's philosophy involved all of these standards." Beta Club is also co-sponsored by Mrs. Joyce Kelley and Mrs. Leonard. Beta's president was Kathy VanOvershelde, v. president was Patrick Miller, secretary was Lori

Smith, and treasurer was Marie Pilla.

Beta Club organized a starvation fund for the people of Ethiopia, helped with the Special Olympics, sent Christmas cards to Stuart Convalescent Home, and Martin Memorial's childrens ward, and had a float in the Homecoming Parade. Serving MCHS and the community will continue.

## LATIN

The Latin Club was an exciting club. The club sponsor was Mr. Treacy (also the teacher of the Latin class). The Latin Club participated in various certamens throughout the year. In the past, the MCHS Latin Club received many outstanding awards and achievements for their entries in various competitions. The Latin Club was a fun club that allowed its members to attend competitions in Gainesville, Orlando, Talahassee, and New England. This year the Latin Club received third place in "Spirit Week." Their homecoming representative was Cathy Jones and their officers were David Lee, Fred Cornman, Nico Lever, Tina Murphy, and Kari Meyer.

## INTERNATIONAL

International Club was a combined effort of foreign language students. The President was Jenny Brown, Vice President—Mary Cleaveland, Treasurer—Kim Watson, and Secretary—Courtney Cross. For three straight years the club participated in Homecoming, and this year won first place for their float Pepe le Pew. Each year the club puts on a food tasting festival in the spring. Other than these activities, the club went on a trip to a foreign country. Last year the club ended the school year with a cruise to the Panama Canal.

## SPANISH

The M.C.H.S. Club Espanol was open to all students who were enrolled in any of the Spanish classes. The main objective of the Spanish Club this year was to send twenty Spanish club members to the Spanish Conference in Orlando, Florida—all expenses paid. In order to raise enough money for the Spanish Club to go to Orlando, they had to sell two thousand dollars worth of candy. As Roxanne Greitz said, "That's a whole lot of chocolate!" After they get to the Spanish Conference they would like to achieve SOBRESALIENTE ratings in the categories and also place well on the National Spanish Exam.

At the end of this year the Spanish club plans to give a scholarship to one of the senior members of the club. They hope to be able to have enough money left over after all of this to have a banquet at the end of the year. Next year the Spanish club would like to host their own Spanish competition here at M.C.H.S. that would include all levels of Spanish students, not just second, third, and fourth year students.

## FRENCH

L'annee du tigre! The year of the tiger, '84-'85, was a very exciting year for French students. First of all, fifteen French II, III, and IV students had the opportunity to be an exchange student in France for three weeks in February. After their three week stay in France, the students returned home. Along with the Martin County High students, fifteen French students arrived. They stayed a couple of weeks and attended school with us.

The second event was a special dinner planned by Mrs. Beard and Mrs. Smith. This year a new French restaurant opened in Stuart and the French club members had the chance to taste an authentic French meal.

Not only was the French club active, but the officers were also. These busy people were Linh Barclay, president; Beth Vilardi, vice-president; Christy Burke, secretary; Sarah Schmidt, treasurer; Joe Cohen and Mike Burke, sergeant in arms; and Katie Drescher and Susan O'Keefe, public relations.

With all these happenings, it's no wonder why people enjoyed French club so much. Public relations officer, Susan O'Keefe said, "I joined French club because I am very interested in the French culture and language." As you can see, the year of the tiger was a great year for the French club! Au revoir!

# CHRISTIAN FELLOWSHIP

Ever need a friend? We all do especially during our High School years. "The Christian Fellowship Club was organized for the purpose of providing friendship and fellowship for any and all students at MCHS," said a member Sandy Hayslip.

CFC met every Tuesday from 6:55 a.m. to 7:20 a.m. A successful meeting format included a student led devotional and sharing time as well as a time for prayer and thanksgiving, according to Vice President Scott Pedersen.

CFC covered a wide cross-section of students' life including participating in the Homecoming parade (2nd place finish in the decorated car category). Pam McLeod represented CFC in the Homecoming Queen contest.

In keeping with their goal of representing Christ on campus, CFC members were also actively involved in rush week and spirit week.

"We want to share the light of Christ on MCHS campus," said this year President Jim Roulette. In helping spread that light of friendship and fellowship, the CFC officers were Jim Roulette (President), Scott Pedersen (Vice President), Melinda Flynn (Secretary), Chrissy Bownds (Treasurer), and serving as sponsors for CFC was Frank Carino, Karen Hayslip, and Josi Hardy.

## SURF CLUB

Under the sponsorship of Ms. Durbin, an intern teacher, the surf club was very active and had a large membership. During first semester, they participated in four competitions.

## FBLA GENERAL

In order to reach their many goals, members of FBLA General attended four workshops and conferences as well as participated actively in their business classes. Among the conferences they attended were the Officers' Training Workshop at Brevard Community College; the District Leadership Conference at Westwood High School; the State Leadership Conference in Orlando and the National Leadership Conference in New Orleans.

Under the leadership of their sponsor Mrs. Wiley and their officers President Pamela Drew; Vice President Jacqui Robbins, Secretary Christian Cea and Treasurer John Engels, the club members attempted to develop competent and aggressive business leaders; strengthened confidence in themselves; practiced efficient money management; attempted to promote school loyalty; established some occupational goals and developed projects which contributed to the improvement of home, business and community.

## STUDENTS AGAINST DRUNKEN DRIVING

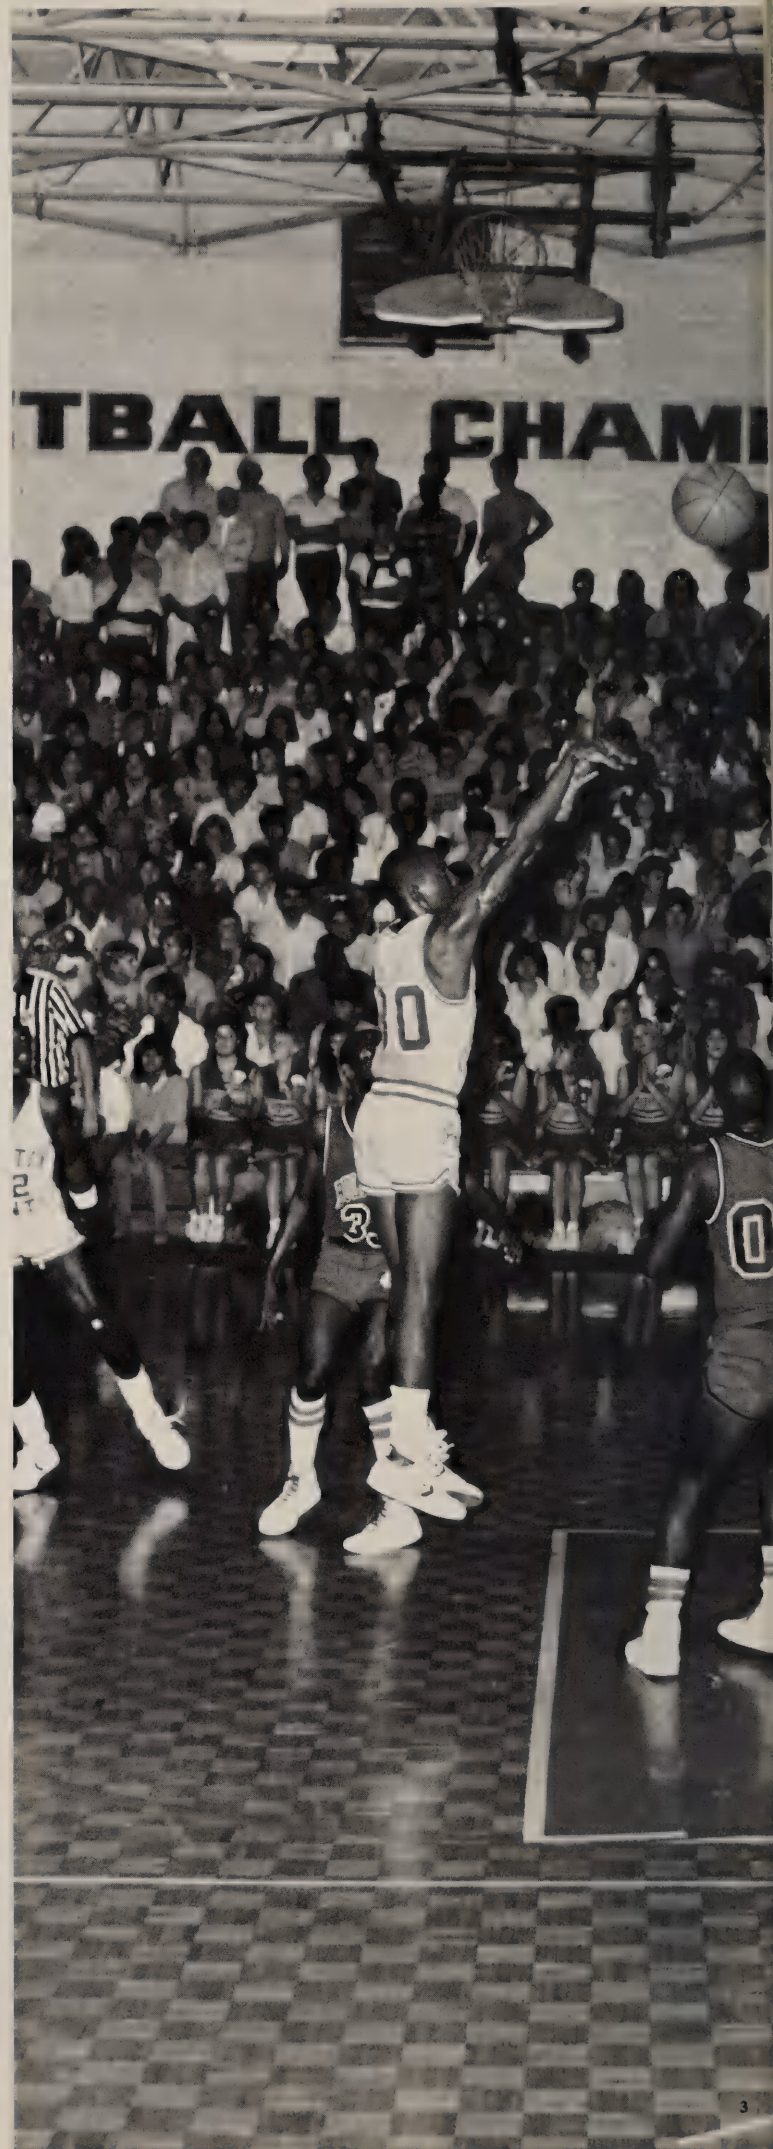

The club is S.A.D.D. Or, Students Against Drunk Driving. And, the sponsor was Mrs. Geniti who said that she sponsors the club because she "believes in the cause." The officers were: President, Andi Lecher; Vice-President, LeaAnn Shanley; Secretary, Susan Reader; and Treasurer, Mike Henshaw. The club was designed to reduce teen auto fatalities and to implement a program to do so.

S.A.D.D. received first place in the Homecoming parade in 1983 and 1984 for the best decorated truck and fundraisers consisted of a bake sale and a passbook sale. All that is needed to become a member is a strong desire to help others and \$5.00 annual dues. S.A.D.D.'s message to the students of M.C.H.S. is "Stop and think before you drink and drive."

1. Fatigued. Steve Powers, Brice Harris, and Jim Huffaker gloomily exit the field after playing a tough game of soccer.
2. Up, Up, and Away. Girls' Varsity Soccer Halfback Chris Maldonado, a junior, member of the District and Regional Soccer Championship team, inbounds during practice. \*
3. Swoosh. Andre Wiley successfully executes a perfect shot.
4. Like a swan. At an away swim meet, Greg Bradshaw gracefully displays his talent.

The role Martin County High School sports participants played is one in which all contestants continued to strive for perfection. Each team member attempted to better his performance in every way possible through practicing. Players gave endless time and energy to bring excellence to our athletic program. Faithful athletes constantly worked many hours each week to improve their performance. Quite often all the extra practicing was self-rewarding and in the end, the devotion paid off.

Twenty to twenty-five percent of students at Martin County were involved in some type of sports-related activity.

There were a wide variety of various sports offered to each student. Varsity sports included: baseball,

boys' and girls' basketball, bowling, cross country, football, gymnastics, golf, boys' and girls' soccer, softball, swimming, tennis, track, volleyball, wrestling, and football and basketball cheerleading; junior varsity sports included: baseball, girls' and boys' basketball, football, gymnastics, soccer, volleyball, wrestling, and football and basketball cheerleading. Due to the diverse range of sports activities, it was quite easy to find one of interest.

Most every sport at Martin County High welcomed any newcomer. Acceptance into a sport may have included some form of try-out or specific requirement.

Continuing to strive for perfection, Martin County High School sports' participants played a very special and important role.

Beginning the season with a resounding 30-0 victory over Eau Gallie and ending with another impressive win over South Fork 22-0, the Tigers met with some disappointments in between, due in part to injuries, in what was to have been "The Year of the Tiger."

Championships, district and county, were the goals of the '84 team as they opened the '84 campaign. After six games and a 5-1 record with big wins over Boone, Eau Gallie, Westwood, Melbourne and Okeechobee in which they outscored their opponents 137 points to 18 (losing one game to Satellite), the

dream of a district championship came to a crushing halt as Vero stunned the injury laden Tigers 44-6. Two more blows were delivered by Ft. Pierce and Merritt Island.

Many prophets forecast doom for the second goal: the county championship. But while several injured starters had to watch from the sidelines, an inspired Tiger Team with magnificent performances from all the players including Ken Gary's 135 yards and two goal line stands romped to win the first historic meeting between the two county teams and to capture the Championship.

## FRESHMEN EXCEL

The freshman football team was a victorious one this year with five wins and only two losses. The most exciting game was the win over our rival, the South Fork Bulldogs. This boost of confidence after a Tiger loss to Vero Beach gave the team members what they needed to win their last two games of the season. Many of these freshmen have proven that they have got what it takes to be an essential part of the J.V. and Varsity teams in coming years. Coach Bonar commented, "This was the best freshman team I have ever coached. I appreciated all the hard work they did." The head freshman coach was Mr. Merlano.

# J.V. FOOTBALL PLAYS TOUGH

The J.V. football team had a rough season but did manage wins over Fort Pierce Westwood and our notorious rival, South Fork. Many of the J.V. players were also members of the Varsity football team and showed their great abilities on both teams. Having these players like Randy Crain and Ken Gary play for both squads left the JV squad with a lack of experience; however, team members pulled together under the leadership of Coach Russ Destito and against Jeff Hess and played gutty football against all their opponents.

**Stand up for the Tigers!** Freshman Cheerleaders along with Tiger Rowdies and fans, cheer the Tigers to a victory at the Eau Gallie game.

A Tidal Wave of school spirit swept over Martin County High School this 1984 football season. The Tiger Football Cheerleaders were the source of this unique Tiger Pride never before experienced in the history of MCHS. The cheerleaders instigated many spirit activities: putting up signs in the player's yards, decorating the school and lockers, having a homecoming bonfire, and many more activities. Perhaps the "Dogbusters" mini-parade and pep rally will be the most remembered

activity all season. "When everyone gets involved wearing blue and gold, ribbons, and cheering with us at the games it's exciting!", explains one varsity cheerleader. The Varsity Squad attended the NCA Spirit Camp this past summer from which they derived many cheers and spirit ideas. This was a dynamic season that everyone enjoyed, and we owe a lot of credit to the Football Cheerleaders for getting the school involved and excited about being a Tiger.

# BOWLING TEAM

"Strike!" "We've done it again!" These were the familiar echoes that came from the MCHS Bowling Team this season.

The MCHS Bowling Team was a spectacular team! Their most outstanding players were Ron Burke with an average of 174 and Jim Santasiero who maintained a 170 average.

The highlights of the season, according to

Coach Philyaw, were beating John Carroll High School three out of four times and holding the best match record, ten and two, in the league.

The biggest "crowd pleaser" was Ron Burke's outstanding 279 game. The final results were: The girls took second place and the boys took third place.

## TIGERETTES PERFORM WITH STYLE

When asked to summarize her feelings towards Tigerettes, four year member and captain of the squad Vickie Younger explains, "It's a lot of hard work, but it really pays off in the end."

The Tigerettes hard work really did pay off. Included among some of their highest achievements were being chosen to perform at the Worlds Fair and also winning a superior rating and a trophy in two out of three categories in the Super Star Drill Team competition last

March.

The twenty member squad also performed at many community functions including the Martin County Fair.

The squad is made up of Freshmen, Sophomores, Juniors, and Seniors. Says Freshman Missy Fowler, "I've been a cheerleader for five years, but I enjoy dance much more than cheerleading. I want to some day make this my career."

"They've really come a long way," says

coach and founder Kris Herd, "much more than I had ever expected. It usually takes a squad of girls ten or fifteen years to achieve the kind of unity these girls have reached."

There are no 'super-stars!' No one thinks that she is the best. Mrs. Herd adds, "They are all working together as a team. They are a super group of girls."

And they have done a super job. We are all truly proud of the Martin County High School Tigerettes.

The Tigerettes are a very important ingredient to the school's spirit as seen here with the Tigerettes greeting the Varsity team before the Merrit Island game.

The early morning and late evening practices everyday finally paid off. Both guys' and girls' MCHS swimteams went undefeated this season, 9-0. In the district meet, the guys placed first and the girls took fourth. Qualifiers for the state meet were David McClellan, Bill Anderson, Mike Pappas, Mike Pancharian, Ken Mikuska, Tommy VanPool, and Lief Weig for the guys' team. For the girls' were Tina Murphy, Tracey Bates, Stacey Marston and Rachael Gonzalez.

At the state meet the guys took fifth place with David McClellan as the State Champion in the 100 yd. butterfly. During the season,

David broke the school record for the 50 yd. freestyle, 100 yd. butterfly, and the 100 yd. freestyle.

The team captains that led the MCHS swimteam toward such a victorious year were Billy Anderson, Lief Weig, Mike Pancharian, Tina Murphy, Tracey Bates, and Kim Krauer. The person all the credit should go to is Coach Dick Wells. With his dediction, time and ability he helped the team to do so well.

Practice, determination, and a lot of confidence took a major part in the great year that the swimteam had.

## DIVING

The water fell drop by drop off the end of the long board. A bounce. A dive. A splash. The judges smiled.

The M.C.H.S. diving team had quite a successful season this year. They were very well organized largely due to the new diving coach Maureen Durkin. Ms. Durkin took over the job of coaching the diving team with high aspirations. Most of her hopes were fulfilled as judges were pleased with the graceful performances of such divers as junior Ed Giesing and sophomores Greg Bradshaw and Michelle Stierlin.

All the divers, however, put in the same amount of hard work. Practices were held Monday through Friday from 5:00 to 7:00 p.m. A few dedicated divers even showed up at the pool on Saturdays and Sundays to work on their dives.

Their constant effort to perfect a dive was rewarded, however, when it came time to dive in a meet. The hush of the crowd was the diver's cue to show the judges what divers are made of. This is exactly what the M.C.H.S. divers did as they gracefully sailed through the air to earn high scores from the judges all throughout the season.

## J.V. VOLLEYBALL

Once again new faces filled the spaces of the old as a new Junior Varsity volleyball team was organized to spike their way to the top.

Of course, the road to being number one was rocky. There was the hard work and the occasional agony of defeat. For the J.V. volleyball team, the beginning of the rocky road began with hard and consistent practices every day after school.

After skills and techniques were as close to perfect as they were going to get, the volleyball team set out to win a string of games, often returning home late at night to do loads of homework. The struggle, however, was well worth it.

Next year once again these spaces will be filled with new girls who will experience for themselves the thrill of victory and the agony of defeat.

Serving, passing, setting, spiking, and diving were the fundamentals stressed upon the Varsity Volleyball team giving the Tigers their superior defense. The highlight of the season was when the fighting Tigers came back after losing the first of three games to Melbourne, and with great team effort won the next two games to defeat Melbourne. Some of the outstanding players this year included Rene Prekup (Junior), Stephanie Powell (Senior), Jennifer Whitty (Junior), Annette Humberstone (Senior), and Jenifer Hunecke (Sophomore). The most improved player distinctly was Jen-

ifer Whitty who became the number one hustler and setter.

An extremely unusual event happened this year as Coach Bielicki explained, "When the fighting Tigers played against State Champs Eau Gallie, the referees never showed up, so the coach from Eau Gallie picked two honest fans to call the district match." The coach never found out why the referees missed the game, but said, "The funny thing was that these two fans called a pretty good game, better than most referees!"

# CROSS COUNTRY TEAMS

**Running** against the wind . . . At an Invitational meet in Deland, Chris Solomine is seen running with all his problems behind him.

As soon as last year's season was over many Cross Country runners started practice for this year's season. Under the great coaching of Julian Kalb, the 1984 Martin County Cross Country team got off to a great start. Many runners were new to the sport but as time went by, they soon became very active in the sport of running. According to Coach Kalb, the highlight of the season was: "Everyone's time improved at each meet. This season was sort of a rebuilding one." Peggy Bass's highlight was

"winning first place at a meet against Ft. Pierce Central." "Everyone was determined and worked real hard at all times," added Coach Kalb.

Everyone's determination led to a final record of: girls — 3-3; boys — 1-5.

Next year Coach Kalb hopes to have more runners and especially underclassmen since they are the "Building Blocks for later years and seasons."

Tiger fans were surprised when they got more than they expected from their Varsity Basketball team. The Tigers had a great season despite the loss of the District Championship game. Out of a total of 31 games, the "Cinderella kids" captured 26 games.

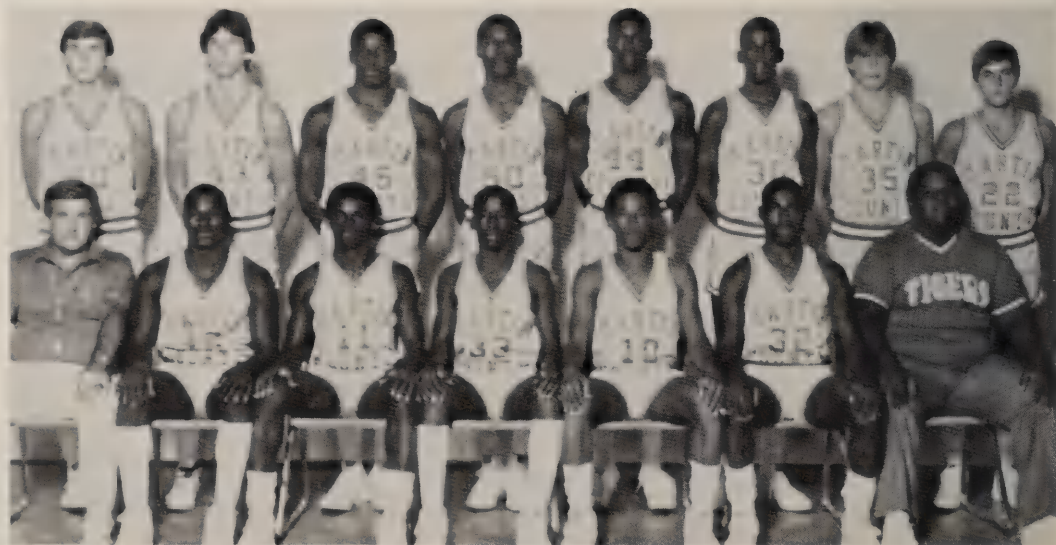

To add to the Tigers collection of awards and titles, they were ranked 4th in the Florida Sports Writers Final Poll, named City Federal Holiday Champions, and were District Finalists and Kingdom of the Sun finalists. The

leading scorer of the team with a total of 492 points was Percy Wilson. Percy ranked 14th on the all-time career scoring list and received the Tiger Booster Outstanding Player Award. With a total of 256 rebounds, Andre Wiley was the leading rebounder and this year's best defensive player. He also led with 77 assists, received W.S.T.U.'s Radio Tiger Award, and was ranked 3rd highest in the amount of points ever scored for a sophomore. The leading free-throw shooter was sophomore Mike Wallen.

Florida's winningest coach Don Wallen has been the head coach of MCHS for the past eighteen years with a record of 428 wins and a record of forty championships; these include ten district titles, seven regional titles, one sectional title, and three state titles, ten conference titles, three Orlando-Sentinel titles, two St. Petersburg Classic titles and one Tiger Classic title.

Coach Wallen accomplished a rare feat this past year by being selected by the National High School Coaches Association as the National High School Basketball "Coach of the Year." He's also Florida's "Coach of the Year" and was inducted into the Florida "Hall of Fame." He is the second coach from Florida to ever receive the National "Coach of the Year" award. Even President Reagan recognized Wallen's talent and sent him a letter congratulating him on his achievement as National "Coach of the Year." Currently, Coach Wallen is serving as Assistant Principal at Stuart Middle School.

# JV BASKETBALL

With an incredible 16-1 record the Tiger JV basketball team had a great season! Coach Moore once again led his team to a winning season. "This season was really exciting!" replied player Ben Askin. They worked very hard and the effort showed during their games. The last game of the season, against South Fork, along with the earlier game, were both won by the Martin County team: The first one — 62-39, and the other — 54-40! "The players on the team did well and next year will be good varsity players." Coach Moore has a lot of faith in his boys and with good reason. Another fantastic year for Coach Moore and his ever impressive team summed up as "WOW!!"

## "HOW ABOUT THOSE FRESHMAN PLAYERS!"

Intensity, dedication . . . and hard work. These are the things that make and best describe the 1984-85 freshman Tiger basketball team. Due to the lack of experience and absence of the more experienced freshman players who are on the J.V. and varsity teams, the team struggled through the season with a 5-10 record. Even with their record, the season was not without its highlights.

According to Scott Fote, "The super highlight of the season was our game against South Fork." All the players on coach Newman's team are said to have "a good opportunity to move up to higher levels next year if they dedicate themselves to the game." Judging from their performances — move up they will indeed. Although these great players performed well, there was really only one problem during their season. When asked about it, coach Newman stated that "Our primary problem was a lack of experience. Hopefully, with the knowledge gained the ninth grade players will benefit." Another super Martin County Tiger team waiting in the wings.

Dominated by the play of younger athletes, Martha Wesley, who averaged 9 points per game, and Margie Rogers, who was the teams' leading rebounder with an average of 12.8 points per game, the young Lady Tigers Varsity Basketball Team matured and improved during the season.

After struggling through the first half of the season with inexperience, the team rebounded with a good 7-6 record for a second half finish. Exemplifying the turnaround was the second game of the year played against Cardinal Newman when the Tigers rampaged to a 50-37

victory over a team which had previously whipped the Tigers 57-39.

Another season highlight was the first win for the girls in which they defeated unbeaten South Fork. This game handed the Tigers their first win and the Bulldogs their first loss of the season.

According to Coach Alley, "This season was a learning experience because of the young girls on the team." With the maturing of the young varsity combined with the 15-5 season of the JV, the future of Girls' Basketball looks bright.

## J.V. BASKETBALL

"The highlight of our season was when we realized that defense is the name of the game," Coach Corbin commented.

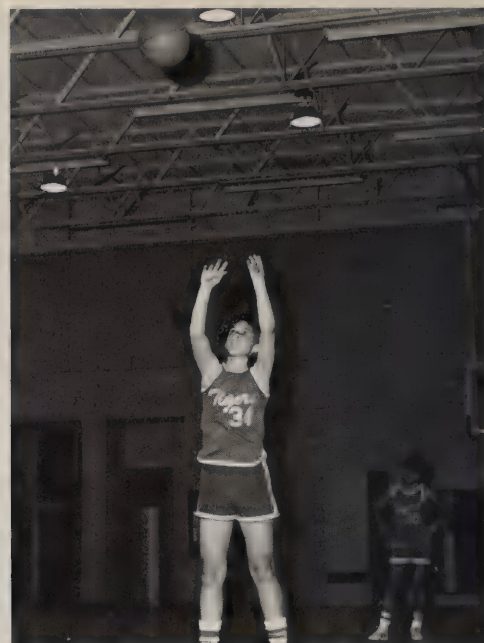

Coach Corbin felt that it would be difficult to single out a few outstanding players because the team worked as a whole unit.

"The funniest thing that happened all season was when one of our players made a tremendous offensive rebound and put it back up for two points. Unfortunately, it was the wrong end of the court," said Coach Corbin.

The year of 1984-85 was an extraordinary season for Junior Varsity Girls Basketball. Coach Corbin replied, "I would like to personally congratulate our Junior Varsity team for the outstanding play of the basketball season."

Do you remember the television commercial which always stated that in the U.S. Army you can "be all you can be?" That motto was the key to the Varsity Wrestling squad's victories. Their determination to be the best led seven wrestlers to the State AAAA Wrestling Championship in Tampa on February 29, 1985. Although only Beaver Schramm and Tom Dunne were each able to place fourth in their weight classes, the whole team worked together to do a remarkable job. Coach Destito was quite pleased with the team as was the rest of the school. At no other time in

M.C.H.S.'s history had so many team members gone to state. In the end, the team finished 10th in the state. The other team members which went to state were Chris Solimine, Don Yocum, Scott Dotson, Tony Savage, and Craig Schramm.

Coach Destito hopes that next year's team will be as successful as this year's. Destito said that it will be hard for the team because this year they will be losing graduating Seniors: Sean Gray, Chris Solimine, Beaver Schramm, Tom Dunne, and Scott Dotson. Destito did believe that it would be good for the team to

have the experienced wrestlers, especially since Craig Schramm, who was only a Freshman this year, went to State.

Winning the Regional title was the highlight of the season for retiring Coach Russ Destito. Destito after over thirty years of wrestling had finally quit the sport. When asked why he would quit after leading the Tigers to victory since 1969 when he first began a wrestling team for Martin County, Destito said that it was time for him to turn it over to someone else, referring to Coach Jess Hess. "After being involved with wrestling for so long, it will be nice to take a break," said Destito. Where will Coach Destito be next year during wrestling season? Destito answered, "I'll be sitting quietly up in the stands watching."

# WRESTLERS WIN REGIONAL TITLE

Wrestling takes a lot of balance, especially for Shawn Gray as he maneuvers his Forest Hill opponent into the cradle position.

Using all his strength, Scott Dotson goes for the pin against his Forest Hill opponent during the match played at home on January 15, 1985.

Soccer anyone? Bruce Tucker welcomes anyone who would like to join him in soccer.

In 1985 the Tiger soccer team has done a great job with a record of 12-5-2. The team lost a lot of good senior players this year, but that didn't seem to affect their playing ability. With strong players such as, Bruce Tucker, Jim Huffaker, Jeff VanCurren and Steve Powers (seniors), the Tigers did exceptionally well.

Changing coaches from year to year isn't easy either, and once again, the boys varsity

soccer team had a new coach this year. Coach Kalb is a very experienced man who also worked with Cross Country.

"He's tough and makes us work hard," stated one player, "but he got us in shape and keeps us that way."

The boys Varsity team will lose eight seniors this year, but there are a lot of awaiting freshmen!

# 1985 GIRLS' SOCCER: THE TEAM TO BE REMEMBERED

THE YEAR OF THE TIGER was kicked into reality by the Girls' Varsity Soccer team as they played to the best season in the history of Martin County High School.

Led by Senior Goalie Annette Humberstone's reliable play, Rene Prekup's outstanding crosses, and Laurie Henry's continual great play, the Tigers soared to a 13-3-2 record under the leadership and direction of Coach Lois Lynch.

Highlighting the season of great

moments was the District Championship victory over number one seed and arch rival Jupiter. The upset victory pushed the Tigers into the Regional match-up against John I Leonard and gave the Tigers not only a physical victory but allowed them to overcome the mental hurdle of defeating the number one seed.

Flip. Flop. Up and over! Those are only a few of the things one saw when the Martin County Gymnastics team performed. They performed all over Stuart at elementary schools, middle schools and fairs. The team consisted of advance gymnasts to break dancers.

Mrs. Philyaw was the coach of the team this year and made the team a bigger success than ever. It was fun for grades ninth to twelfth. The

team started when Mrs. Philyaw started teaching at M.C.H.S. Then soon after that she decided that she would start a team that would not only look good, but that would also perform for people all throughout Stuart. She started this team not more than two years ago, and that team will work and succeed until it becomes one of the many sports that Martin County High School is famous for.

# YOU HAVE GOT TO BE A TIGER FAN!!

How much time do you put into this activity? This is a question cheerleaders get asked by many students. Basketball cheerleading takes up a lot of "extra" time. The season starts in November and does not end until March. Having games three days a week and practice two days a week does not leave much time to "relax." But . . . it's worth it!

After a disappointing 8-20 record last year due to injury and dismissals, the 1985 varsity baseball team was intent on setting the foundation for baseball success at MCHS. "This year they were close and very dedicated to the game and we had good leaders," said coach Bob Merlano.

In the position of pitcher was senior transfer Jake Hess and Junior Keith Torrie. Starting catcher Mike Enot was one of the better defensive athletes. Both seniors, Troy Junker was on first base and Tony Oritz held down second base. Junior Rusty Meacham played at shortstop when he wasn't pitching and returning senior Robert Benc moved to third base for his final season. Experience was also in left field where returning senior Scott Wilson played. Senior Brian Bowman was in center field and Tom Muro who had the strongest arm of the Tiger outfielders played right.

Certainly a very hardworking group of guys were the J.V. baseball team. Having practiced everyday for several weeks, the team was ready for the season.

The starting players for the team's first game on February 4 against Ft. Pierce Central were Terry Wallace, pitcher, Jason Dragseth, catcher, Jeff Husnander, first base, Tony Baker, second base, Joe Delvecchio, short stop, Randy Crain, third base, John Chancey, left field, David Giunta, center field, Kevin McAdams, right field, and Todd Candee, designated hitter. "Many of our players deserve to be starters. Unfortunately, you can only put nine players on the field at a time," said Coach Mike Lindgren. The coach expressed his hopes that each of his players would earn a starting position at one time or another.

When asked why he coached Varsity softball, Coach Otovic replied, "I enjoy working with athletes, and I like to teach the girls the proper way of playing the sport."

Coach Otovic said that all his girls were "star players." He said, "If each girl pulls her own weight, we'll have a very successful season!"

# BOYS' GOLF

A touch of class and professionalism was added to the Golf Program as Martin Downs Assistant Pro Bill Blot took over the head coaching position for both the boys' and girls' teams. Assisting him was faculty advisor, Ron Ashley.

The competition among the male golfers was extremely tough as the men were very evenly matched and the number one position changed often. Returning lettermen Seniors Marty Carmody and John Leighton and underclassmen Clark Collins, Todd Wilson, Ji Kim and Pete Stocker were joined by transfer student from Michigan, Jay McWilliams and freshman Ryan Konkus.

These eight young men were continuously challenging one another and pushing each other for places on the team and, consequently, the entire team improved throughout the season.

# GIRLS' GOLF

Striving to attain higher goals and lower scores, the Girls' Golf Team, also under the tutelage of Assistant Pro Bill Blot, met some stiff competition and constantly improved their standings.

Like their male counterparts, the girls played match play. In this kind of play, the top four scores were combined for a team total no matter what position the participant is playing. In match play, the player who played number five could have had the top score.

The fivesome of Darcy Krumme and her sister Leah, Tracey Pickard, Debbie Mier and Jennifer Parmelee combined their talents to provide MCHS with a credible girls team.

Boys' Tennis. Front Row: Jeff Drock, David Lustgarten, John Carino, Oliver De La Ronsiere, Ron Pugliese. Back Row: Robby Clouse, Rawson Lizars, Rick Hansen, Lance Pridgen, John Riopelle, Manager Jack Miller.

The MCCHS Boys' Varsity Tennis Team finished with a great '85 season.

Sophomore Ron Pugliese took the number one spot for the tennis team this year.

"With youth and talent, we did well this year," said Robby Clouse. "In the beginning of the year our team needed to work on discipline, but our character took us to where we are now."

The highlight of our season was when the team played against Palm Beach Gardens High School. The score was 3 to 3. We put in Ron Pugliese and John Carino to play in doubles for the final game. "John Carino really surprised us by pulling us through to win," Robby Clouse commented.

Girls' Tennis. Front Row: Michelle Mendell, Paula Rubino, Laura Speicher. Back Row: Gail Simpson, Heather Axelson, Kelly Lips, Amy Harper, Kristy Bradley.

## GIRLS' TENNIS

The Girls' tennis team began its season in February under first year coach Rhea Cemer. Mrs. Cemer devoted much of her time to the team. Laura Speicher started the year off as #1; Michelle Mendell was seeded as number two; Amy Harper held the third position; Heather Axelson was fourth; Kelly Lips was fifth position; Kristy Bradley was sixth; Paula Rubino was seventh; and Gail Simpson was eighth.

Being the only senior on the team, Kelly Lips has been on the varsity tennis team throughout her high school years. Kelly Lips said, "Four years on the team has been an experience that I will never forget and the people on the team are all great. It was hard adjusting to the new coach because I was so used to Mrs. Hogan's ways. I think Mrs. Hogan for pulling up with me for three years."

Back Row: Roger Whitty, Tim Orr, Gaylon Parker, Brent Teal, Mike Peak, Mike Burke, Coach Wells, Fred Peterson, Jeff Appel, Jason Clements, Bob Knippel, Mike Dugan. Front Row: Pat Merritt, Mark Burrows, Mark Montefalcone, Greg Harding, Todd Spencer, Mark Swart, Joe Keating. Third Row: Carei Wells.

members put in at least two and a half hours worth of grueling, enduring practice so the next meet would have been more of a success.

Bruce Wells the head coach for the Boys' Track team made each individual reach certain goals throughout the sea-

son. There were no shortcuts to achieving these goals. The top four members in each event received letter.

According to Coach Wells, "We have got some great talent it is a matter of placing them in the right event."

## GIRLS' TRACK

Coach Hall has set his goals this year for the girls track team and that is to get as many students to the state meet as possible. Coach Hall expects Peggy Bass, Kerry Hansen, Sandy Hayslip, Jennifer Huenecke, Rene Preckup, Shannon Stanton, and Deanne Wintercorn to all make major contributions to the team along with a host of others.

5. Tim Orr, first string center for the varsity football team, can feel the support and rising spirit from the crowd during the South Fork Dogbuster game.
6. Positive attitudes and hard work were the two most outstanding factors which led the Juniors on to victory powderpuff night. A group of juniors congregate during lunch to familiarize M.C.H.S. with the #1 class; the class of '86.

6

The Junior class of eighty-six definitely had its share of accomplishments during the 1984-85 year. Among these successes were the results of spirit week. The juniors won first place for the "Pin the heart on Mrs. Yarboro" contest, second place for the balloon stomp, second in the donut eating contest, second for the best dressed baby, and the list is endless. Juniors also won second place in the Homecoming parade. However, the most outstanding highlight of the year was without a doubt the unexpected trouncing of the Seniors on powderpuff night. It was an event in M.C.H.S. history never to be forgotten. Although powderpuff lasted only one night, its effects on the class of eighty-six were lasting.

The victory enriched the class with a feeling of spirit and superiority that helped it advance to the top.

Another huge success was the Junior-Senior Prom. The theme for prom was "A Night in the Orient."

President Liz Fedele, vice-president Maria Lee, secretary Jenny Keating, and Treasurer Eric Price were the four junior leaders who made up the backbone of the class. Along with the help and guidance of Mrs. Rastrelli, junior class sponsor, they were responsible for scheduling class meetings, organizing fundraisers, and most importantly these four important people were successful in bringing unity to the class of eighty-six.

## CHEERLEADING?!

On Sept. 8th, the Junior Powderpuff "cheerleaders" really had something to cheer about — the #1 JUNIORS! The cheering squad was composed of fifteen guys. This group of guys had to dress up as girls to be a cheerleader for one unforgettable night. To become a cheerleader, the guys had to be chosen by the Junior Powderpuff Players. The girls chose Steve Cooper, John Garritano, David Higgins, Dan Huffacker, Bob Knipple, Mac Lowery, David Lustgarden, Rob MacAbee, Tom Muro, Eric Price, Bryan Roe, Rich Schad, Jeff Stuckel, Roger Whitty, and Gary Williams.

The guys practiced hard to learn all their cheers. When asked what their favorite cheer was, most of them replied "Chewin' Tobacco". Since the guys had to dress up as girls, they borrowed some girls' clothes, put on makeup, and some of them even got one ear pierced. When asked what was the best part of dressing up like a girl! Bob Knipple said "wearing fish-net stockings and army boots." The guys also thought putting on makeup was hard. Tom Muro said, "The worst part of the makeup was putting on eyeliner and taking it off." Their favorite part was wearing lipstick and kissing everyone.

The guys really enjoyed being a cheerleader and everyone said they would do it again next year. "How did they feel dressing up like a girl in front of the whole school?" Gary Williams said, "I had a great time and I'm ready to do it again next year."

The decision of the judges seemed to be the answer for the question "What would you change about that night if you could change anything?" Even though the guys didn't win first place in the competition, the girls made up for it on the field!

Go JUNIORS! The Junior Powderpuff Cheerleaders turn to the audience for help to cheer the # JUNIORS on to their victory over the seniors.

**Has anyone seen my pen?** For some new Juniors the lockers at MCHS were incredibly small compared to the full length lockers they were used to.

**Is this where I go next?** Mikki Castellanos used a map of the MCHS campus the first few days of school to help her get around better.

# WHAT'S NEW WITH YOU?

Can you tell me where room 140 is? Can I eat lunch with you? Are you new here too? These questions were commonly asked by new Juniors to help them meet other Juniors.

During the course of the school year, hundreds of new students came to Martin County High School. In interviews with a few new Juniors, it was shown that many of them liked the area and the school but really missed their previous friends.

Many of the first impressions of the school were, "It's so big, much bigger than my other school." The open campus made the school look larger and more spread out to them than their other school. The special privileges also surprised some of them. Said one, "At my other school the Seniors were allowed to eat outside (on campus) and here they can go off campus while everyone can eat outside. That is quite a change."

Many of the new Juniors became involved in social activities almost immediately. They either played a sport, joined a club or planned to do something before the end of the school year.

The reasons the new Juniors moved to the area were many, such as job transfers, the warm climate, or "because my parents wanted to." Whatever the reasons, they seemed to be warmly received by both the staff and the students, and hopefully, other new students will feel as welcome as did this years new Juniors.

## BEING A JUNIOR

What was so great about being a junior? Was it the privilege of participating in Powderpuff or being older than most of the other students? Or, was it, may be, the great privilege of putting together and participating in Prom? All of these and others such as being able to drive, no longer being labeled as underclassmen, not having the worries of the collegebound Seniors, or as in the case of the class of 1986, not having to worry about getting the extra credits the class of 1987 and its followers had to worry about getting, and receiving the class ring are what made being a junior so exciting.

This special year wasn't, however, completely carefree. Juniors did have to be concerned with doing well on the S.A.T. or the Scholastic Aptitude Test. This test was a vital part of preparing for college so there was a little pressure on the juniors.

Overall, the junior year was the most relaxed, fun year the class of 1986 has or will ever experience.

**Taking it easy.** Brian McGlothlin, Brad Clark, Ernie Reilley, Brendon Burgin, and Angie Cheatham demonstrate the lifestyle of a typical junior in 2nd period English.

## NEW STYLES

Spiked leather belts and heavy army boots, black stockings that resemble swiss cheese, dangling chains, animal skin clothing, a dog collar tightly buckled around the neck, six homemade earrings on each lobe, eyes outlined black as coal, a jelled mohawk and braided purple locks or any other wild creation imaginable: these were descriptions of Hard Core witnessed by students. Did the average high schooler think of hard core as simply another eccentricity?

Hard Core has been in Martin County for about two to three years. Many of the fads and styles of clothings are from across the world, England, France, and other places where the dress is very out of the ordinary to some people but not to them.

Heather Martin is a junior at M.C.H.S. and dresses very much to her own taste. She has been dressing that way for about two years.

# JUNIOR GIRLS CAPTURE A VICTORY WITH THEIR FEELINGS

J-J-J-U-N, I-I-I-O-R, J-U-N-, I-O-R, gooo Juniors!  
That was the cheer the Junior girls used to wrap up each day of hard Powderpuff practice. The Junior Powderpuff team enthusiastically psyched themselves up for the big game which was held on Saturday, September 8, 1984 at 7:30 p.m. at the Martin County Community Stadium.

Between the weeks of August 20 and September 8, the Junior powderpuffers were getting fired up and ready to go at the Senior team.

"The Juniors have a lot of spirit, and we have a good chance of winning," said Heather White.

Rene Prekup had these words to say, "We may not have the characteristics of size favoring our team, but we do have speed, agility, talent, and lots of SPIRIT!!"

All those days of hard work and great coaching sure paid off in the end. The Junior Powderpuff team of 1984 captured a victory over the Seniors with a score of 12-8. The Junior victory was only the second win by a Junior class in the history of the Powderpuff event.

The Junior team was extremely proud of their victory. The coaches, Mr. Kirsch, Mr. Carson, Mr. Ashley, and Mr. Hogan, shared in the happiness along with the team.

**Hold that pose.** The Junior powderpuff defensive team gather in a pyramid at one of their practices.

It has been said that the class of 1986 has never had any spirit, but that can no longer be said. This year's juniors worked very hard trying to earn the title 'Class of the Year'. Spirit among the juniors increased immensely in the past three years, and will hopefully continue through out our senior year as well. The attendance at the class meetings was tripled and the help on all the activities such as homecoming, powderpuff, candy sales, etc. was excellent!

1. During 1st hour, Susan O'Keefe, Kelly Hardy, Jeff Maxwell, Traci Remington, and Brett Hewis were up to no good.
2. Tigerette Angie Malfregeot was seen marching down East Ocean Boulevard during Homecoming Parade.
3. Marvelling at their work of art, Keri Meyer, Tom Zehnder, Brian Schweppe, and Stephanie Harrell add the finishing touches to the sophomore class float.
4. During 5th period "social hours," Cristine Dipace, Missy Durkee, and Suzanne Lumley lounge in the sunny grass area.

So far the class of '87 has undoubtedly accomplished a lot despite what the rest of the school may think. Other classes distinctly remember things like the Sophomores decrepit freshman float. What they seem to forget are the other great achievements such as the homecoming dance. One of the accomplishments that nobody really knows of was the letter to the Vietnamese requesting the release of the POW/MIA agents still in captivity. The bulletin board

on Veteran's Day gave the sophomores a proud first place. Not only their talent, but their good hearts out shine all; they are currently sponsoring a Haitian child. The class of '87 also had much spirit and enthusiasm. During spirit week and Bulldog spirit day, the Sophomores captured second place! So if anyone ever mentions the freshman float just say, "The experience was invaluable considering that during the sophomore year, we won 2nd place on the float."

# SOPHOMORES SPEND SPARE TIME

As the school year began, the sophomore class of 1987 got a new and wonderful feeling of finally being sophomores. Although with this feeling came new academic courses and challenges, also came new opportunities to expand their knowledge as in getting a job or taking up a new sport.

Sophomores also got to spend some more of their spare time doing activities that they enjoy:

"Usually, I played sports or went to the beach," said Paul Stemele.

"I enjoyed playing tennis and studying during my spare time," said Roxann Frank.

Many students commented that after the long eight period day that they went home and relaxed or even watched some television.

"Sleeping!" is what Missy Durkee had to add about her spare time spent during the year.

"Party!" is what Shannon Murray enjoyed doing most during his spare time.

"I enjoyed going to the beach and going hydro-sliding during my free time," added Mark May.

Other activities that sophomores enjoyed doing were: eating, Soccer, cleaning, running, boating, studying, surfing, bikeriding, and just hanging out with friends.

Although many sophomores did different things during their spare time, all of them did something that they enjoyed.

## SOPHOMORE COURSES

Let's all study sophomores. Being a sophomore at MCHS began the foundation of our high school years. We were past our shakey freshman year and were now established students. Our careers and futures were looming ahead and we had to proceed with our important courses.

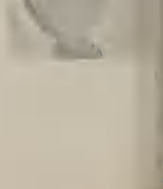

Math, science, English and history were the heart of our education. Electives were fun and enjoyable, but the 3 R's would take us into the college of our choice.

In a recent survey the sophomores voted the aforementioned classes to be their favorites. The class of '87 has proven by their selections of "most preferred courses" that

they were a class of bright, serious students.

The students of MCHS are fortunate to have an exceptionally fine faculty. The sophomore class selected the following teachers as their favorites: Mr. Young, Mr. Black, Mrs. Williams and Coach Destito. They received these votes because of their interesting technique of relating their subject to the students.

It's now time for the Class of '87 to move on into their junior year of education. We have established ourselves with a firm base of quality courses and we look forward to the challenges of being a junior at MCHS.

# SOPHOMORES SPEAK OUT ON LONGER DAY

The best sound of the day for sophomores was the 2:57 bell. This bell was much desired after students had spent an extra hour longer in classes than they had spent last year.

In their freshman year, the dismissal bell rang at 1:57 and, consequently, the additional hour caused much turmoil among the tenth graders. The main complaint about the added hour was the fact that arriving home an hour later left much less free time for after school activities. Going to the beach, shopping, and just having some extra free time had been cut and this loss had drastically changed the attitudes of the class. Although most students were against the eighth period, some were supportive toward the added hour. The few that did

support the extra period claimed, "that it can be accepted with time;" "it is good to try and better the education system;" and, "the more opportunity to learn, the better." However, the largest portion of the responses were negative. Some agreed that most people chose an easy class for the eighth hour so there was no real use. Other responses included, "it's just wearing the students and the teachers out more every day," and, "we're always too tired to do homework by the time we get home." So after spending an extra hour in school, every day, the 2:57 bell was definitely the very best sound of the day for the sophomore class.

## TALENTED SOPHOMORES

Athletic, spirited, and most of all talented! These qualities were all made possible by the MCHS class of '87. The Sophomore class received its spirit from Stephanie Harrell, its class representative. Stephanie was a hard worker and was very determined to be the "best". Being the "best" is exactly what she achieved. For two years straight the Sophomore class received the award for "Most Class Spirit".

The Sophomores also had some

great athletes. Kenny Gary and Eric Parcels were among their excellent football players. Melinda Flynn, Alicia White, and Debbie Bush helped make the cross-country team a success. Keri Destito and Jenny Cargill were among the eleven girls who made up the girls' volleyball team. It was great sports personalities like these that made the Sophomores such an athletic class.

The Sophomore class had many talented students. Talent was the Sopho-

mores greatest asset. The talent ranged from Debbie Reitz's beautiful soprano voice to Heather Axelson's brilliant piano playing and stemmed to Stacey Sala's and Vivian Pacifici's ballet and jazz dancing. The talent did not end at these four people but continued throughout the Sophomore class. The class had the great talent of getting away with murder, making up good excuses, and passing themselves off for upperclassmen!

# SOPHOMORES AT STUART BEACH

As summer came to an end and the thought of homework, tests, and teachers became a reality, many of the students of the class of '87 wept at the thought of losing their tan and not being able to surf.

During the summer, the Stuart Beach was a place of relaxation, fun, exercise, and socializing for the class of '87. Soaking up the rays, playing frisbee, listening to the radio, playing basketball, surfing, and many others were some of the fun and entertaining activities enjoyed by all. The favorite of the girls was the admiring of all the gorgeous guys that hung out at the beach. All this was missed.

There were a lot of memorable events that happened at the beach in the past year. Probably a favorite of many was the surfing contest. Remember all the good looking guys, girls? And guys, remember the girls in the bikini contest? For all the surfers, the most memorable moment was in October when tropical storms Josephine and Isadora brought the waves up to seven feet! Then there were the memories of summer romances, in which students spent most of their time at the beach.

The beach has and always will be a favorite pastime of the class of '87: full of fun times and great memories.

# SOPHOMORES FIT INTO OPUS

Despite the required, long, hard practices and dedication, OPUS had its rewards for the sophomore members. OPUS stands for Outstanding People United to Sing. Sharing its talents with others, this choir sang at many places. They went to state festivals and competitions, usually receiving a "1" from the judges for their performances. In order to get such results, much time was spent practicing before, during, and after school.

To win a superior rating in national competition and know that all the long hours of practice have paid off was the main goal of OPUS. OPUS '83 reached this goal in Los Angeles, Cali-

fornia, which was considered a most memorable trip by those members that were there. Last years OPUS '84, which included sophomores Heather Axelson, Larry Brooks, Debbie Bush, Barbra Higgins, Anna Hutcheson, Brian Pecci, Pedro Ramirez, Debbie Reitz, Rhonda Rhodes, Stacey Sala, Melanie Seal, and Charles Wilson, received two superior ratings in Philadelphia, Pennsylvania. One of the "adventures" during the trip was the Great Adventure Amusement Park in New Jersey. There was a lot of time spent shopping at the King of Prussia Mall, one of the largest shopping centers on the eastern coast. Also, this year,

OPUS '85 went to St. Louis, Missouri and had a great time. In addition to the OPUS '84 sophomores, the '85 edition included sophomores Jenene Chapman, Bridgette Hazelton, Mike Laidlaw, Julie Schwaderer, Dana Thompson, Dorianne Vidal, and Troy Warner.

Along with developing their beautiful voices, OPUS '85 members developed a sense of worth and being. Not only have they learned how to sing, but have also learned about other people and how to get along with them. It was a sense of unity, trust, and accomplishment that was gained in this group. There are real friends and love that would not be found otherwise.

Receiving undivided attention from OPUS, Mr. Corbin conducts many different songs at Jensen Beach Elementary.

2. Don Glancy enjoys a weekend sport — barefooting!
3. Sean Ulmer has found a means of transportation that allows him to see all the sights at the Homecoming Parade.
4. Front row: Lorei Wells, Paulette Knapp, Julie Santagata. Back: Laine Williams

The incoming freshmen, the class of '88, certainly proved themselves worthy of MCHS. Not wasting any time, the freshmen sponsored a successful dance held after the Powderpuff football game. Class officers elections at the beginning of the year caused much excitement. Officers were Laine Williams, president, Lorei Wells, vice president, Julie Santagata, treasurer, and Paulette Knapp, secretary.

In October, the class teamed together to build their first Homecoming float and did a terrific job. Their giant yellow

tiger with tweety bird was very well done, and many were surprised that it did not place in the class float competition. In November, the freshmen contributed to the Tiger/Bulldog varsity football game excitement by holding a Victory dance after the game.

President Laine Williams' top priority for her class was . . . "to help the class of '88 to be the outstanding class at MCHS." Judging from their accomplishments this year, the freshmen are indeed on their way to achieving this goal.

## BEING A FRESHMAN REALLY . . .

For some kids being a freshman really stunk! The upperclassmen were constantly making fun of us and pushing us around. They insulted our intelligence by cornering us into thinking that there were elevators and underground subways, and even sold round trip tickets for them. It was best not to ask an upperclassman for directions because a student was bound to wind up in the custodians office or the football stadium. When walking down the halls, we had to be sure to stay against the walls, so the hot shot seniors didn't trample us to death. Another thing about being little freshmen was that we usually got lockers on the bottom row with junior books

constantly falling on our heads. Those were the bad points of being a freshman, but there were good points too.

We spent a lot of time on our Homecoming float and it turned out to be an awesome looking Tiger, even though it did not come in first place. We didn't give up though! Our freshman class showed above all the rest in the contest for fireworks money. This gave us encouragement and the inspiration to still try harder for the "Class of the Year." Most of us agreed that being at the high school was better than being at the middle school, even with all of our disadvantages. We knew one day we would be at the top.

# A FEW SECONDS OFF

A-a-a-h! Breathe deeply and relax all your muscles because you're finally free for a few minutes between classes or during lunch. That was the way it was for all freshmen this past year.

Many students have extra time, but what exciting things did freshmen do? Many people were just satisfied with a circle of friends to talk to.

But when was there a lot of time to talk? At lunch many people had a half an hour during lunch from the time they ate to when they went to their classes coming after lunch.

People often fell into a routine during lunch. Sharon Crowell expressed her routine like this, "I stop, talk to a friend, and then just wander back and forth."

Now that students were told not to go to the mall in lunch, where did they go? Anywhere from the bandroom to a doorway was used during lunch.

Some people spent their time decorating for upcoming games such as the football cheerleaders who decorated their big brothers' lockers.

Then there were the real students

who could usually be found reading or doing their homework in the library.

There were always the social type like Kristen Sachs who hung around with not just anyone but "everyone" to chat with.

Freshmen, at the time, were not yet adjusted to the hours and could not always remember what happened in the early morning.

All around, freshmen spent most of their time gabbing or studying with almost anyone almost anywhere. In general, this past year's freshman class was a social group!

## FREE AT LAST

Free at last! No more elementary school! To many, being in high school was a big step. Just how big? Well, does "Too much work" sound familiar? Alright, it has been a lot of work, but there were some who had fun!

When asked, "What was the most enjoyable class?" Valerie Lyons replied, "Opus! It was a really great experience!"

Along with Valerie, others such as Kathy Crowe said "I loved math, but Geometry was a lot of work."

Not only was high school a lot of work, but it was a lot of fun too. As Valerie said, "Martin County High School has so much to offer: more classes, more activities, more clubs, friends, excitement, and more

homework, but those are the rules! You are only in high school once in your lifetime and I am glad I am spending it at Martin County!"

Most freshmen this year said that Martin County was at least ten times better. "In middle school you got off easy. You could get away with not doing your homework or not bringing a pen to class. It is totally different in high school. Although you do get more respect when you are in high school, you get treated more like an adult — maybe too much!"

Being a freshman had both good and bad sides but really everyone just remembered the good and forgot the bad. One thing was for sure — it is great to be out of middle school!!!

Because of the eight hour day, the only enjoyable time is lunch. On this day, freshmen got together for a little birthday fun around the lunch table.

# A TALENTED FROSH

Dawn Turek, a freshman this year, is an extremely involved and accomplished dancer. She has been dancing for nine years and successfully studied ballet and some jazz. Traveling every weekday to Palm Beach, Dawn had classes for two hours and 1½ hours were spent rehearsing. Saturdays were no less hectic. She danced for five hours in

Palm Beach Ballet Center.

"Without a doubt," Dawn stated, "Getting up in front of people and performing made all the hard work worth it." Dawn put a lot of hours into her dancing, and her spare time reflected it. It cut into her social life causing her to settle for fewer parties and dates. Although Dawn almost always had excellent

grades, she had to work hard to keep them. A major chore was doing her homework in the car going to practices.

Despite the hard work and sacrifices she must have endured, Dawn said she would definitely do it again given the chance to do her life over. She is definitely in style!

Having a grand old time at lunch, the

Freshmen have a unique quality that seems to stand out in a crowd. The class of '88 consisted of a bunch of individuals. The first year in high school seems to be the time in life when students go through physical and mental changes. Going through braces, being too short, having a low voice, and becoming more mature were the problems these youngsters face. All of these changes caused problems of peer-pressure and discomfort. Hold on for a little longer Freshman, these problems will soon be over and believe it, everything will have a great ending. All of your future dreams at M.C.H.S. will soon be fulfilled and when those irregularities are looked back on; they will be remembered as minor details. So, look up, you have three more memorable years at M.C.H.S. ahead.

Smiling with class, Allison Miralgia, Donna Maslak, Deann Mosca, Kathy Clarich ride to an away game for Varsity Football.

Freshmen happily eat.

## CARINO PLANS FOR FUTURE

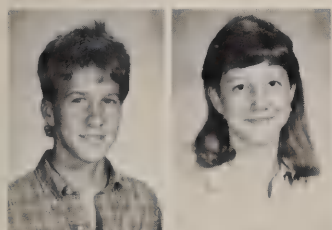

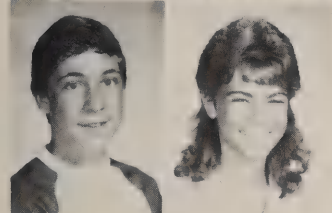

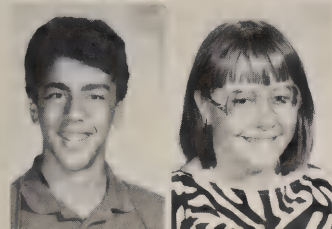

With three more long years to go, Frank Carino is still willing to follow through as class of '88 sponsor. As a matter of fact, Mr. Carino is looking forward to the future with a great deal of excitement. Many sponsors are found wanting to give up their responsibility the first year, but for Carino the first year is just the beginning to a bright successful future.

All sponsors seem to have different plans for the future, such as getting as much money as possible and winning all the competitions. For Mr. Carino, his plans for the future with the class of '88 seem to include everything, "to be number one on campus."

When Carino was asked how he feels about being

freshman class sponsor, he said "I love it!" Many students and faculty have already been exposed to Mr. Carino's enthusiasm for the job and they appreciate his commitment.

School spirit was high throughout the school year as was apparent from the school atmosphere. With Carino as their sponsor, who finds school spirit "very, very important," the freshman class was able to keep its spirit up. For many first year students, it seems rather hard to have the spirit and enthusiasm such as the seniors seem to have, but Mr. Carino's freshmen were able to rival the upper classmen.

## SWIMMERS HAVE SECOND FAMILY

They dragged their feet and crept like slugs closer and closer to the cold, clear liquid. Their eyes were sealed shut by the gooey sleep that had hardened on their eyelashes. Once again, it was time for 6:00 a.m. practice for the swim team!

The M.C.H.S. swim team had a very tight schedule. Boys and girls together practiced from 6:00 to 7:00 in the morning, got out of the water, and rushed to get to their 7:30 classes by 7:30. They struggled to stay awake through the eight period day, and then headed back out to the pool to practice again until 5:30 p.m. On top of it all was the hours of homework to do after they got

home.

Despite the hard physical work, the members of the swim team had to deal with psychological barriers such as lost races and missed times. The swimmers had to deal with the pressure put on them at a meet. Their anxiety built up and tension grew as the time came near for them to swim.

All of this work and pressure paid off, however, when it came time to swim in a meet. The swimmers were like a family that stuck together when times got tough lending a hand or putting in a good word. They were like a family that will never be broken up.

# ACADEMIC BOOSTERS RECOGNIZE ACHIEVERS

Not only were students involved in extra-curricular activities, but parents got involved, too. Under the leadership of President Judy Harding and Faculty Representative Marilyn Rinear, the Academic Boosters recognized those students who excelled in their studies. Every semester, the club honored all the Honor Roll students with an Honor Roll dessert which included an awards ceremony. Presenting the Principal Honor Roll students with letters similar to those presented to athletes was a new endeavor for the boosters.

Additionally, the Academic Booster Club sponsored Students of the Month who were known as "Academic Achievers." The first students to receive this title were Joey Cohen, Kevin Makowski, Juli Harris, Elizabeth Roos, Felicia Froehling, and Clair Douglas. These students were chosen by faculty members.

3. Helpful advice. Health teacher Mrs. Geniti gladly helps out a student in her eighth hour class.
4. Taking a break. Mr. Keith, a dedicated member of the M.C.H.S. staff, is found reading one of our displays.

If students make up approximately eighty percent of the M.C.H.S. population then who makes up the other twenty percent? Of course, the faculty does!

This year the faculty did a tremendous job at adjusting to the eight hour day. Many teachers had to start the year with an entirely different curriculum from previous years. This change was contributed by the decisions in Tallahassee about Florida education. Two teachers from our M.C.H.S. faculty, Ms. Judy Close from the Business Department and Mrs. Susie (Fleming) Fogarty from the Social Studies Department, earned the honor of working on state curriculum materials.

In our faculty we had some other outstanding teachers, too. Mr. John

Petry was selected by the Halpatickee Chapter of the DAR as the history teacher of the year. Mrs. June McKinney won the title of M.C.H.S. Teacher of the Year.

Without our faculty not only would students not be able to learn, but they would also not be able to participate in extra-curricular activities. Many teachers, including Mrs. Barbara Koffman sponsoring *Pegasus* and Mrs. Sherrie Flynn sponsoring Drama, spend extra hours with different clubs. Through the guidance of these teachers, the clubs all over the campus made numerous accomplishments.

Along with the student tigers, we had the faculty tigers who worked hard to keep us #1 in academics.

## ADMINISTRATION

Keeping the Tigers at the top in all areas was a priority of the MCHS Administration.

Through their guidance Martin County had high SAT scores, achieved Superior ratings in vocal and instrumental music, won many athletic competitions and gained honors in business, vocational, and academic areas.

Improving and coordinating the eight period day was the primary responsibility of Mrs. Ann Crook.

Mr. J.C. Williams performed his duties

in facilities, plant maintenance and discipline, and was an avid supporter of MCHS activities.

Mrs. Hunt's highlight was the eight period day. She took many harassments but calmed everything down to run smoothly.

Mrs. Wanda Yarboro kept a watchful eye out on campus life as she and the entire staff prepared and survived the Southern Association Accreditation visit. Attempting to solve problems and coordinate activities, she attended almost all campus activities and promoted general assemblies.

## CAREER ROOM ESTABLISHED

Among the many innovations established this year by support personnel to students and administration, the career room, set up by the Guidance Department, was one of the most unique and most helpful to students. The room was designed to help students discover the jobs and careers for which they would best be suited. Using software, the computer

taught students where to find a job, how to apply for that job, how to be prepared for the interview, and most important, how to keep that job. In addition to the computers, the career room housed film strips that showed the various kinds of jobs available in specific fields; the SRA files which contained literature from the armed services; and films. The

films included subject matter on "how to," such as how to build a house, and data concerning various colleges. Students were also given the opportunity during their lunch periods to take exams which indicated job interest and ability.

## BUSINESS AND ART

The Business Department was 'buzzing with activity this year. Helping to keep it active were Donna Bragg, Barbara Creager, Judy Close, Jim Hogan, Carol Hogan, Euclidean Fennel, Miretha Wiley, and Pat Wilfong. The business clubs participated in many contests and seemed to be the excitement of the department. Mrs. Hogan, the sponsor of FBI.A, went to the clerical districts with her students. Pat Wilfong, the sponsor of DCT, went to the districts with students also.

The art students, under the direction of Bill Stewart and Linda DiMauro, were also busy this year. There were many art shows displaying pictures, drawings, and projects. These exhibits, demonstrating the students' abilities, were held on and off campus. Mr. George Yarboro and his photography students prepared a slide show for the student body.

These two departments once again helped students to increase their business and art skills.

## VOCATIONAL VARIETY

The Vocational Education Department provided many classes for those students who were planning on sharing their special services with their community. Home Economics, Auto Mechanics, and Industrial Arts are only a few classes which were taught. There were also classes that ranged in subjects from Marine Engines to Radio/Television Repair to Television Productions.

# WRITING BECOMES LANGUAGE EMPHASIS

Pegasus, the school's literary magazine, won an honorary award... a first place National Ranking. This award was the highest received by anyone in the Language Arts dept., according to Mrs. Judy Jones.

Other activities the Language Arts department participated in were: God and Country Day, a field trip to the Burt Reynolds Dinner Theater, the Pride program, and the Civilians Essay Contest. Also, the department sponsored a trip to the Caribbean Islands which was handled through the International Club. Another trip was sponsored by Marlene Beard, the French language teacher. This was a trip to France which lasted three weeks.

Fifteen students who were taking either French 2 or 3 were picked to go. The lucky students that went studied the French culture by attending the school in France and living with a family while overseas. In turn, Martin County received fifteen students from France who attended the same school the Martin County students attended. Those French students stayed at the homes of the Martin County students who went to France.

The students that received Pride awards for English received special certificates.

The many activities the Language Arts department participated in this year made many great accomplishments for this department.

ment.

"Why can't Johnny write?" With the help of MCHS English teachers, this quote, so often seen in newspaper and magazine headlines, will no longer be a major problem for students graduating from Martin County. The emphasis this year was writing. Given a grant by the State Department of Education, the English teachers in grades ten through twelve were limited to teaching one hundred students with the limitation that each of these students was to write one time each week. Because of this emphasis, English skills and scores on diagnostic tests improved greatly.

## EXCEPTIONAL EDUCATION PROVIDES ALTERNATIVE

English, Math, Science, and History teachers are the ones that most people know about; however, there are many other teachers who are rarely even thought about, such as those Exceptional Education teachers at Martin County High.

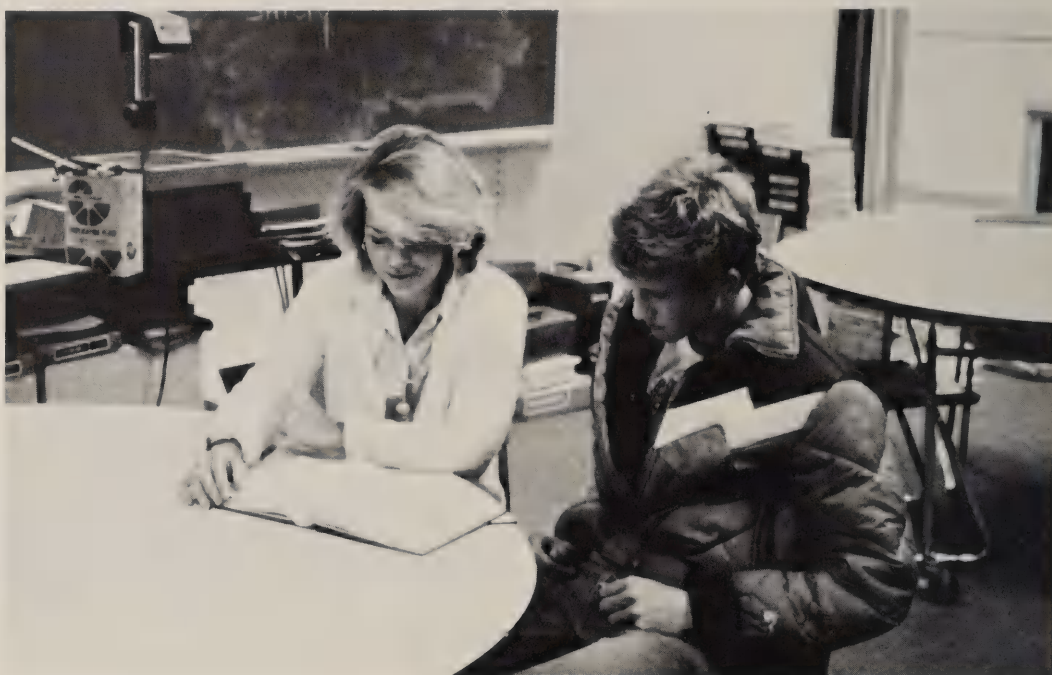

These teachers work with individual students to make certain that they are able to improve their reading, writing, and math skills.

At the end of the year, these teachers have a great amount of relief and satisfaction knowing that they were able to help these students come to the place where they are able to successfully handle school work. Karl Jicha, Laureen McIntyre, Gerry Mesard, and Cheryl Tipton are proud of the work they have accomplished.

As a reward for hard work during the first semester, the teachers voted to go to the Magic Kingdom, Disney World, with the twenty-five students in their program.

Exceptional Education Teachers: Gerry Mesard, Cheryl Tipton, Karl Jicha, Laureen McIntyre.

Time to hit the books: Gerry Mesard helps one of her students, Leif Chisolm, on his classwork in math.

An explanation always helps: Cheryl Tipton takes a few minutes before school to explain an assignment to one of her students.

Capturing attention: Mrs. McIntyre seems to have complete attention from two of her students as she reads the daily announcements before class.

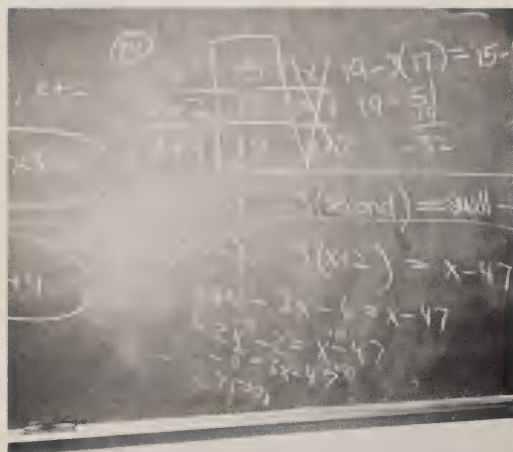

Not always serious: Mr. Jicha takes a little time before the beginning of class to have a bit of fun with Fred Israel, one of his students, who seems to be getting a big kick out of the situation.

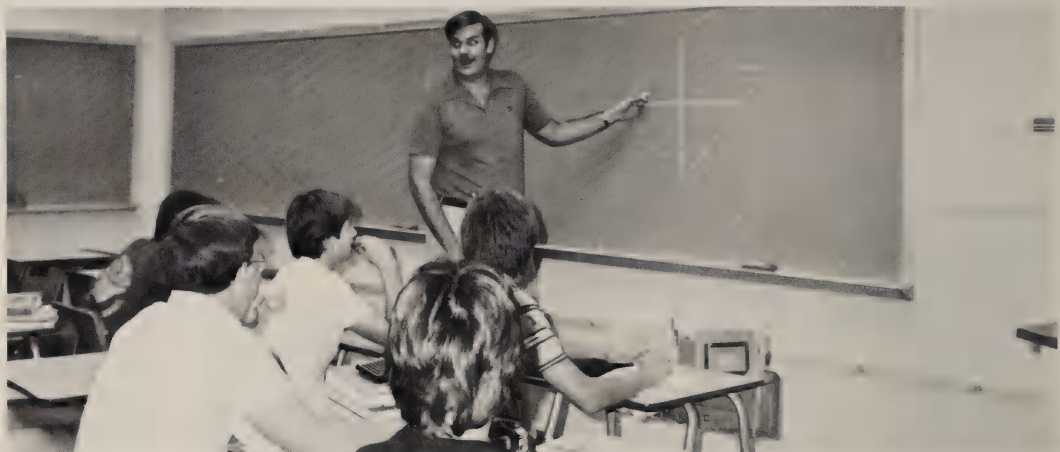

Math faculty. Seated: Mrs. Joan Hunt. Front: Scott Brown, Shirley Beckham, Marilyn Pecor, David Caron. Middle Row: Mike Ruhala, Tom Sloan, John Burke, Wayne Parrish, Richard Otovic. Back Row: Jeffrey Limber, Chuck Fulton, Chuck Bonar.

Can this be solved? A typical problem tackled by math students on any given day.

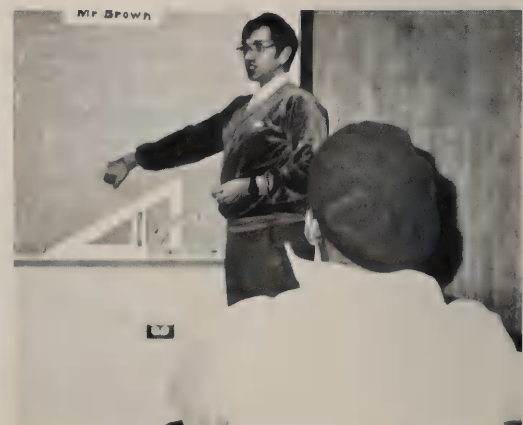

**Bringing understanding.** Mr. Chuck Fulton, sponsor of the math club and Powderpuff Coach, explains planar figures to his geometry students.

## MATH DEPARTMENT IS "DUCKY"

While teachers and students continued their determination to keep Martin County a leader in the tri-county area and state on state regulated exams, teachers and students once again applied diligence to their math teaching and learning. This dedicated effort was humorously interrupted by the presence of ducks in Mrs. Pecor's classroom. The sound of "Don't go in my room" was heard ringing down math department halls one morning shortly after Mrs. Pecor

made the discovery. Unfortunately, these eager little creatures were not allowed to remain and were carried out under the arms of our faithful and versatile custodians.

**TOPS—Top Our Previous Scores**—was the school wide math program for improving sophomore test scores on SSAT. This program along with the successful activities of the math club promoted the excellence in math that kept MCHS on top.

**Newcomer.** Mr. Limber, a new teacher to Martin County High, introduces new geometric figures.

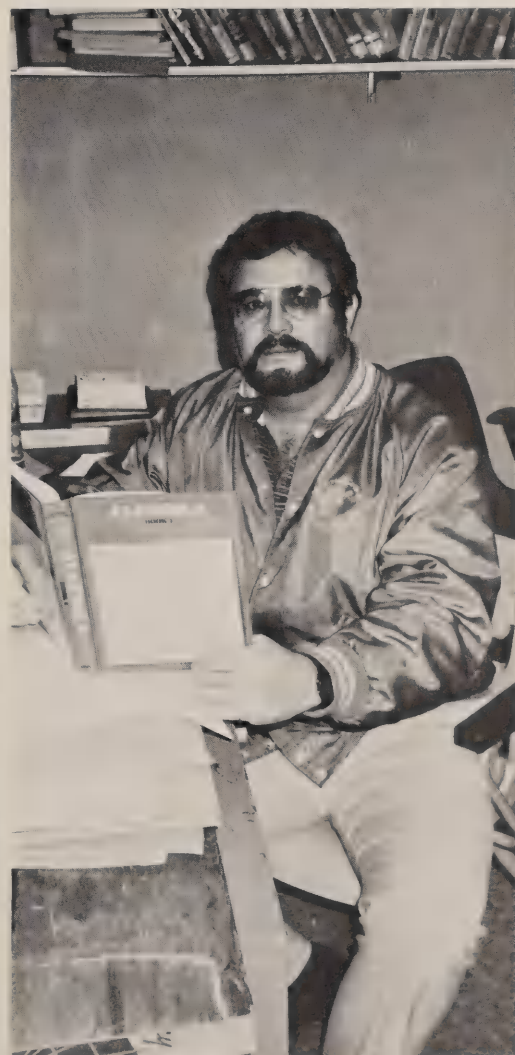

Handling problems his own way. Not understanding Mr. Limbers explanations, Andre Wiley tries to solve his problems in an unusual manner.

Eighth period teaching. By the time 2:00 comes around, many classes in math are being taught by the students.

A helping mind. As Heidi Stierlin, freshman, attempts to do her math homework, Mr. Otovic, softball and volleyball coach, tries to give some assistance.

This is Tom Selleck? The math department's Tom Selleck look alike Mr. LaRosa is also an avid Algebra fan and MCHS sports' enthusiast.

Getting ready for the Marines. During his eighth period weight lifting class, Mike Boyle works on his squats with over 200 pounds of weights.

Getting ready to get fit. Taking attendance and giving instructions, Mike Lindgren prepares his personal fitness class for their eighth period work out at the Community Field track.

Demonstration time. Head Wrestling Coach Russ Destito uses the first part of eighth period to show his tennis class the choicest of forms for a successful forehand.

Watch your toes. "Big T" Mike Thompson, who benches 315 pounds, drops a dead lift of 435 pounds while he is being spotted by Coach Jones.

Makin tracks. During her personal fitness class under the tutelage of football and baseball coach Mike Lindgren, Julie Conley works on her 440 speed.

Physical Education Faculty. Front Row: Dick Wells, Department Head and Athletic Director Henry "Hank" Salzler, Ann Richardson, Maralena Philyaw. Back Row: Jeff Hess, Gary Jones, Russ Destito, Mike Lindgren, Dan Alley, Juan Kalb.

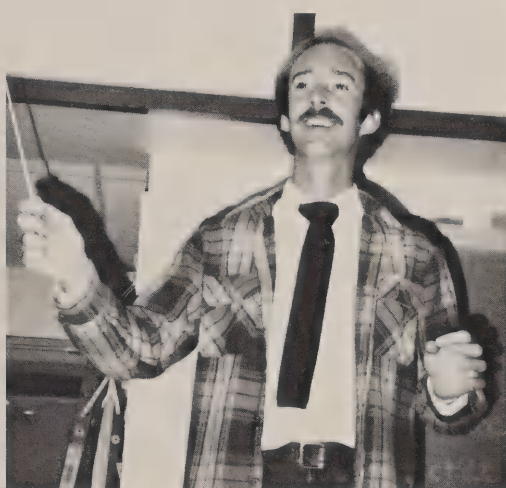

Making music: Sylvester Wilburn, Andre Finley, Marvin McCreary and Anna Hutchinson practice during 4th period Opus.

Director of Choral Music: Ron Corbin

Director of Bands: Robbie Roadman

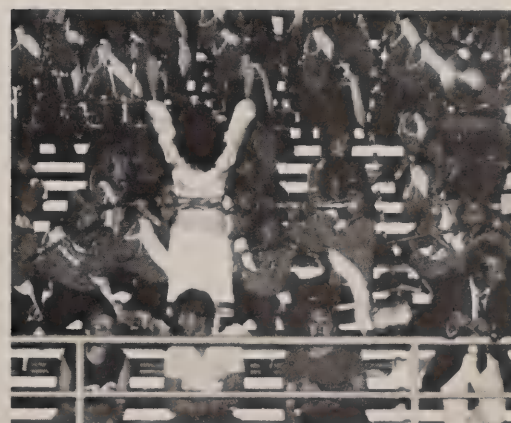

Achieving perfection. During 4th period Opus practice, Scott Purcell and Julie Schwaderer practice their dance routine for "What I Did For Love."

## A WELCOME RELIEF PROVIDED BY MUSIC AND PHYSICAL EDUCATION

In the midst of a long, eight hour day, many students discovered that physical education and music classes provided a welcome relief to the mental strain of purely academic classes. The music and P.E. Departments provided a variety of alternatives to break up the monotony of the school day. Classes such as weight lifting, personal fitness, tennis, swimming, golf, aerobics, gymnastics, basketball, volleyball, concert band, symphonic band, marching band, instrumental techniques, music appreciation, and ensemble were open to the student population.

From the music department five students were chosen for all state Band. Beth Bower, Jamie Dauber, Donna Ernest, Jimmy Falzone, and Jon Hogan. The band's solo and ensemble groups attended district and state contests as did the concert and marching bands. Opus gave a variety of concerts and also participated in district and state contests.

The Physical Education Department was made up of a group of dedicated personnel who not only taught physical education all day but also who coached at least one and in many cases two sports.

The leader of the band. Senior Tracey Schulz performs her task of leading the band during the Homecoming game.

Newcomer. Marine Biology and Earth Science teacher, Mr. Finger uses his lunch hour in the science office to "learn the ropes" of life as a teacher at MCHS.

Getting ready. Just before second semester, Marine Biology teacher and Head Baseball Coach Bob Merlano prepares his gradebook with its yellow markings to indicate attendance.

## HEADED FOR OUTER SPACE

At one time or another, probably every student wishes he could send one of his teachers to the moon. Soon, some of these students might get their wish and they may be Martin County High School students. Mr. Kirsch, chemistry and physics teacher, has applied to be the first teacher to board a space shuttle and head out for the wild blue yonder.

Mr. Kirsch's application was only one of the exciting circumstances that one could have found in the Science Department. Another event that brought anticipation to the entire school was the beginning of construction of the modern science building.

While awaiting the completion of the new facility, science teachers continued to prepare students in scientific studies. Once again the Science Fair captured everyone's attention as students watched the destruction of bridges constructed from toothpicks by physics' students. One bridge, constructed by John Godzina, held the weight of 151 pound Carl Dakin without breaking apart.

Other achievements of science students included the presentation of the PRIDE OF EXCELLENCE certificate to William Anderson, Linh Barclay, Tracey Bates, Lisa Flowers, Felicia Froehling, Mark Jones, Troy Junker, Kimberly Krauer, David Lee, Nora Lee, Kevin Makowski, Adelle McIlroy, Bettina Murphy, Vicki Ripper, Paula Rodriguez, Elizabeth Roos, Richard Sciscente, Michelle Stewart, Peter Stocker.

"You got my fat hanging. . ." A familiar quote out of the mouth of potential "moon teacher" Mr. Kirsch is discussed with seriousness by Jeff Appel, Mr. Kirsch, Joel Madden, Chris Horrell, and Eileen Nehme.

Explanations. Freshman Biology teacher and A.P. Biology teacher, Mr. Hall philosophizes during lunch in the science office.

Science teachers: Sue Garner, Wendy Goode, Andy Susla, Richard Powell, David Hall, Bob Merlano, Gary Kirsch, Donna Geniti, Ann Stocker and Pam Bittenbender.

Young Scientists. David Lustgarten and Stacey Sala experiment in the science lab.

## SOCIAL STUDIES

The Social Studies department has been very active and has accomplished many things in this 84-85 school year. Their list of accomplishments is quite extensive.

This year Jeff Carson and John Perry received M.S. Ed. degrees in Administration and Supervision. Mr. Black had several articles published in the Miami Herald and other newspapers. Also Joanne Wetzel had illustrations published in a children's Christmas book.

The teachers were not the only ones to receive honors in Social Studies; many students received recognition of their excellence. Joseph Cohen, Lisa Flowers, David Lee, Patrick Miller, Steven Schramm, Richard Seisceme, Michelle Stewart and Peter Stocker were all winners in the state Pride awards category of Social Studies. Also Kevin Makowski won the Voice of Democracy for Martin County.

The Social Studies department carries on many extracurricular activities to help the community and the students. The Senior Economics classes went "over and above the call of duty" when they put together food packages for the Council on Aging and packages of school supplies for the Hope Rural project.

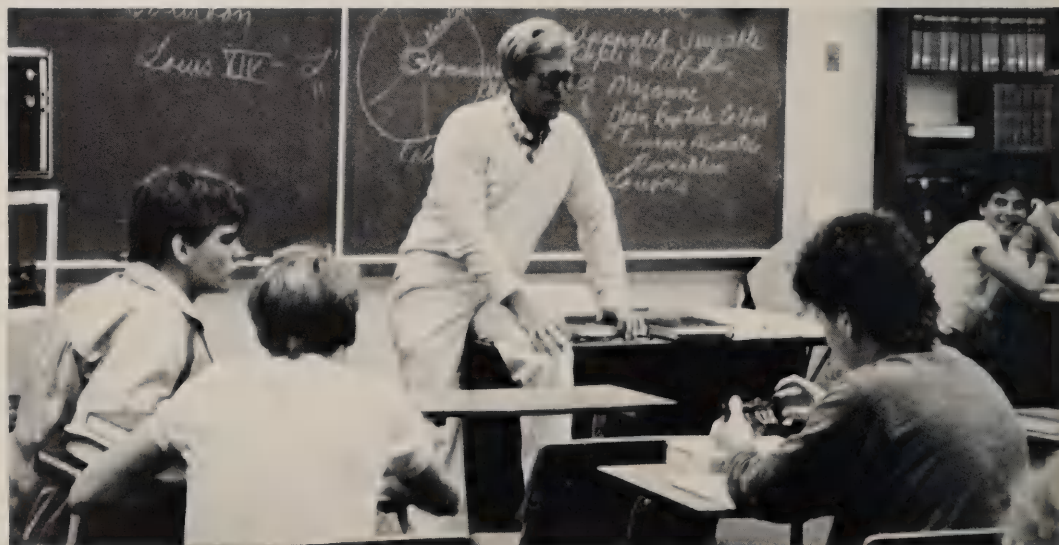

Looking relaxed: Joe Cohen, Aryon Kline, and Michael Wegler work diligently on economics.

On and on and on. Mrs. Scharlau, teacher of American Government and Economics lectures to her seventh hour class.

With trusty old whiteout: Mrs. Nash corrects some mistakes in her plan book after schedules were changed one more time.

What excitement: Mr. Petry, senior class sponsor, lectures to his eager history students!

Top Row: Jerry Young, Jacki Nash, Joanne Wetzel, June McKinney, Jeff Carson, Laura Gilcrest, Bruce Wells. Middle Row: John Petry, Barbara Scharlau, Susie Fogarty, Kathleen Spaulding. Front Row: Martin Bielicki.

Setting the story straight: Mrs. Fogarty, Student Government sponsor, lectures to her seventh hour class on NATO.

Doing what she likes best: Barbara Sharlau lectures to her inquisitive students.

## SOCIAL STUDIES UPDATES HISTORY

The list goes on. Mrs. McKinney's, Mrs. Nash's, and Mr. Bielicki's classes got more involved with the Sheriff's department and the Stuart Police Department with the ride-along program. Also the Law Studies students visited the shooting range this year and got the chance to fire some weapons. In addition the students in Law Studies all had a chance to go on the annual trip to the Florida

State Prison. Mr. Spaulding's eighth period class adopted a foster child. World History classes revisited Ancient Greece with a Greek festival of food. Mr. Friedman captivated audiences for two days with his seemingly radical theories of Catastrophism in Ancient Times.

Another interesting activity in Social Studies was that Sociology students overdosed on

"studying" hours upon hours of MTV videos and Bugs Bunny/Road Runner cartoons as part of their research projects in Sociology. In Psychology, they learned the art of self-hypnosis: they found out what it was like to live with half a brain, and they explored the depths of insanity and multiple personalities, in addition to having their dreams interpreted.

# KEEPING US IN STYLE

Found working busily, and most of the time cheerfully, in various offices around the school were a group of people who definitely need recognition. These people, extremely important to the smooth operation of MCHS, were the MCHS secretaries and security people.

Working diligently in the front office were Dea Hill, Receptionist/Telephone Operator, Miriam Haigh, Assistant Secretary, and Elva Lutz, Principal's Secretary. Among other duties, Mrs. Hill performed the important task of typing the daily announcements. Mrs. Lutz set up appointments for Mrs. Yarboro and kept personnel records. Said Mrs. Lutz, "I love my new word processor."

Four very busy women worked in the guidance office: Penny Young, Guidance Receptionist/Clerk; Darlene Newton, Guidance Secretary; Verdilla Byers, Data Processing Clerk; and Cynthia Corbin, Student Records Clerk. These women strove to help the students in many areas, especially registration. Said Penny Young, "I am a go-between for students and counselors."

A group of three were found in the Attendance/Dean's portable. Shirley Neff, Attendance Secretary, Dawn Defenthaler, Attendance Clerk, and Daisy Platt, Dean's Secretary kept attendance and discipline records. In the athletic department was Lucille Howard, Athletic Secretary. Mrs. Howard found

January to be her busiest month because of the many sports running at that time. In the bookkeeper's office was Joann Patterson, Bookkeeper. The security people, often seen patrolling the grounds in their golf carts, were Minnie Bennett, Elizabeth Brady, and Edward Brocke. Found in the media center were Sarah DacQuesta, Media Clerk, and Mary O. Turner, Media/Av Secretary.

As one can see, these people were truly important at MCHS. All of them enjoyed working at MCHS and working with the students. Mrs. Corbin stated her feelings simply, "I love it!"

Lucille Howard, Athletic Secretary.

Mary O. Turner, Media/AV Secretary; Sarah DacQuesta, Media Clerk.

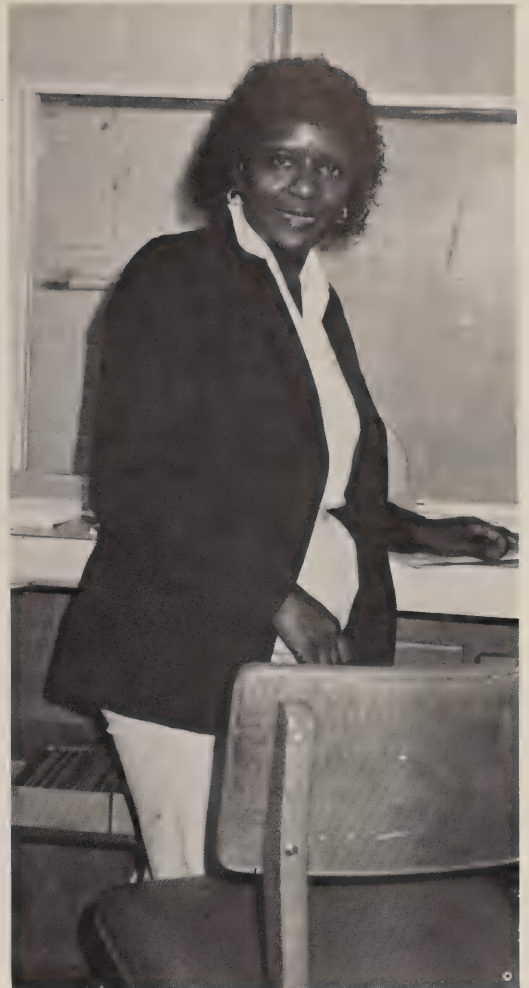

Dawn Defenthaler, Attendance Clerk; Shirley Neff, Attendance Secretary; Daisy Platt, Dean's Secretary.

Verdilla Byers, Data Processing Clerk; Darlene Newton, Guidance Secretary; Mary Young, Guidance Receptionist/Clerk; Cynthia Corbin, Student Records Clerk.

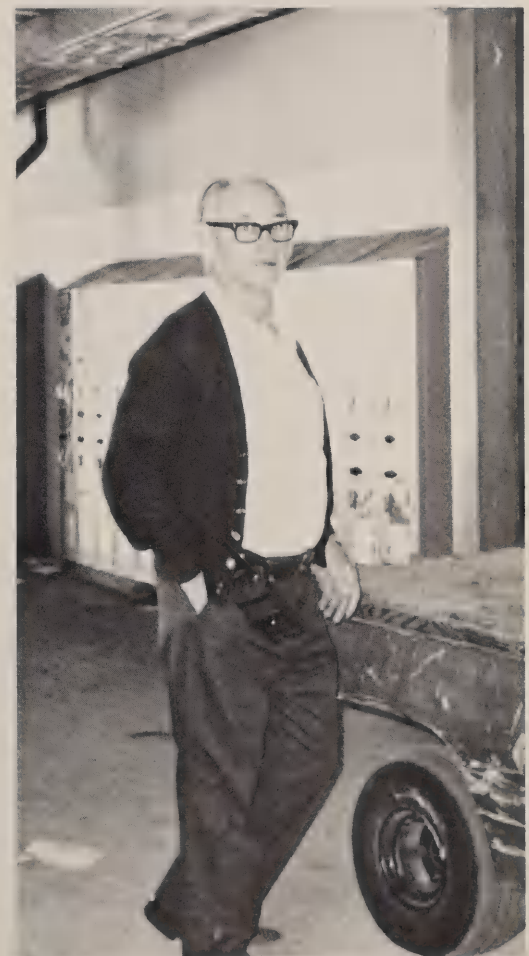

Joann Patterson, Bookkeeper.

Minnie Bennett, Security.

Elizabeth Brady, Security.

Edward Grocke, Security.

Dea Hill, Receptionist/Telephone Operator; Elva Lutz, Principal's Secretary; Miriam Haigh, Assistant Secretary.

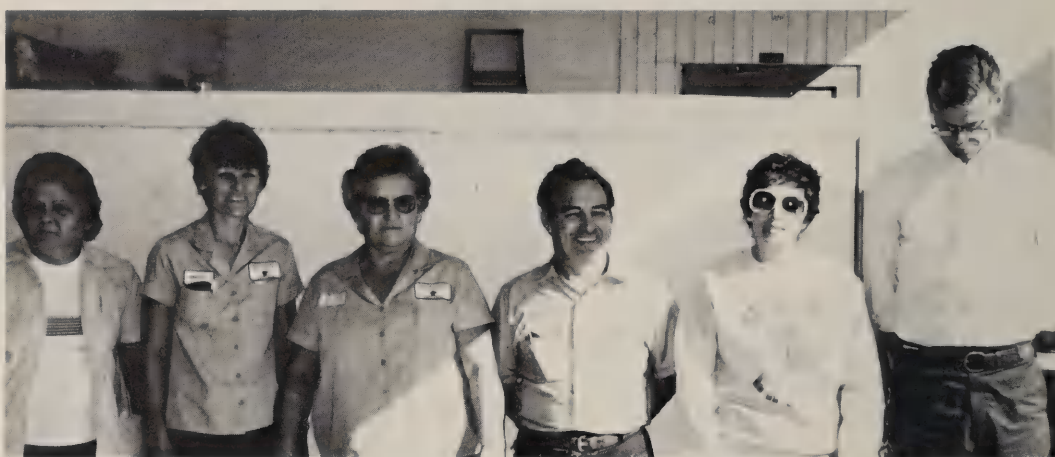

Riding around. Dee Krueger and Matt Plocha cruised the campus during 8th period to get the school back together for the next day.

Doing her duty. Delores Smallwood sweeps up the halls after a typical school day.

Custodians: Marion Morrison, Phyl Jenkins, Ruth Williams, Joe Bavosa, Dee Krueger, and Vince Plocha.

## KEEPING THE CAMPUS IN STYLE!

Let's recognize the custodians. The custodians of Martin County High School work very hard to keep the school at its best. Of course they have feelings towards the school and their job.

A typical day for the custodians included repairing and replacing, moving things, mowing and trimming the grass areas, scrubbing, dusting, vacuuming, mopping, and just all out working very hard to clean up after students.

Some of the more frustrating jobs of being a custodian were student vandalism, graffiti, messy rooms, J.C. Williams, and wheels on mop buckets.

The most interesting events of their job included meeting people, the kids, watching the cheerleaders, pay day, and watching the school sports.

So let's remember that the custodians are an important part of our school community.

Taking a break. Jay stands around posing for pictures during his spare time.

Serving the food. Wilma Berryhill and Joyce Lozon serve the hot food of the day to the hungry students.

Cleaning up. One of the cafeteria workers watches a student to make sure he doesn't leave his empty tray.

Counting change. Margaret Pearson collects money from a student in the hot lunch line.

Cafeteria ladies. Back Row: Brenda Christian, Judy Lewis (asst. manager), Virginia Webster, Margaret Pearson, Carrie Saipes, Frances Mastrogianni. Front Row: Lorene Grant (manager), Marie Green, Norma Dyess, Millie Marotta, Joyce Lozon, Wilma Berryhill, Muriel Weideman.

## SERVING WITH CLASS

The cafeteria staff of Martin County High School have done their share of duties.

A typical day in the cafeteria consists of placing grocery orders, making work schedules, menu planning for fast food lines, food preparations for breakfast, lunch, and record keeping.

Some of the staff members said that the most exciting part of their job was to work and deal with people, to cook and bake, and just being part of the Food Service organization.

Favorite foods of the students included spaghetti, lasagna, cheeseburgers, chicken patties and nuggets, grilled ham and cheese, tossed salad, rolls, ice-cream, and the most favorite, chocolate chip cookies.

The cafeteria members had a lot of responsibilities, hard work, and dedication.

Busily working. Millie Marotta cleans the salad dressing jars after 6th period lunch.

## *ALWAYS A TIGER*

# IN MEMORIAM ROBERT P. SZABO October 18, 1967 January 4, 1985

To all who knew you, your passing seems both tragic and premature. But no one's life is "wasted".

Our Creator does not work that way. We do not graduate from school until we have learned all our lessons.

Likewise, we do not leave earth until our experiences have finished.

Robert, you have graduated to a better and happier existence.

We wish you well; we miss you and will always love you.

Mama

"Chello, Russian Embassy"  
"Zaby Baby"  
"Zabe"

The life he lived was so very short, and he made a lot of good friends along the way.

All of whom trusted and loved him. All of whom shared a very special part in his life.

He was very shy and gentle, yet strong. He had a cute smile and a funny little walk.

When you had a problem, he was always there to listen.

There was such a feeling of peace and contentment about him.

He is not gone . . . but close to all our hearts.

In our hearts, he shall only grow fonder.

For the love he spread and his memory will forever be there in our hearts.

Dawnna & Jeff

## HIS FRIENDS PAY TRIBUTE

Ron — "Rob was the best friend a person could have". "Dungeons + Dragons"

Mike — "Here's to Captain Dixie".

Mike Bell — "I miss you Szabe", "Blue Dawn"

Kim and Lisa Marie — "We'll always remember him, and love him as he is with us always now."

Lee Anne — "Budweiser Boy"

Jim — "My little buddy, Blue Dawn".

Cyndi — "I will always remember him and love him dearly."

Fred — "A good friend." "Fred-neck"

Kenneth — "My Uncle Bob."

## **Triformation Systems, Inc.**

*Your friends and neighbors at Triformation Systems want you to know about something unique and exciting which is going on right in your own back yard — something which has a positive affect on blind young people and adults all over the world.*

*Since Guy Carbonneau and his associates set up their business in Stuart in 1973, Triformation has been putting innovative equipment to work to help put visually impaired people to work in offices, factories and classrooms in every state of the union and in many parts of Latin-America, Europe, Asia and Africa. Some of these products take the output from a computer screen and send them to an artificial or synthetic speech-box so that the user can hear them spoken as many times as necessary. Other Triformation products present computer output in braille so that the information can be read and studied either on paper or on a special battery-operated braille display.*

*Triformation's newest product can print files from a standard computer in braille and costs less than \$3,000 which means that many blind persons can own one themselves instead of depending on rapidly diminishing government grants.*

*The work of developing, testing, making and delivering these special printers and terminals for the blind is all done right here in Stuart at Triformation headquarters, 3102 SE Jay Street. It's a challenging assignment, and as you can well understand, it is work we are proud to call our own. Our wish for all of you graduating seniors is that you will find tasks for hand and brain which will make you and your families equally proud.*

Dear Kim,  
 "I do it myself!" This was the first sentence you spoke as a baby, and you certainly carried your philosophy through your four years at Martin County High School. When you entered as a freshman, you hardly knew anyone and came from a small school with an eighth grade class of twenty students. Your high grades and numerous accomplishments have made us so proud of you. Your boundless energy and neverending enthusiasm for nearly any task have made you a joy to behold a constant source of positive thinking and encouragement for us. Wherever you go and whatever you do, keep this spirit, Kim, and you'll always be a success. Congratulations to our phenomenal daughter! We miss you already!

# WE WORKED TOGETHER

Not only did students work hard in class but out of class too. Many found themselves struggling with the eight hour day which meant an extra academic class for some. Others were able to take a study hall. Students in clubs worked together on fundraisers and various projects. Participants in band, Opus, or a sport, endured hours of practice which often paid off. No matter what we worked at, we worked together with the common goal being to do our best.

1. Shiny Brass. One of the band's shiny new tubas reflects some members of the band at the Homecoming Parade.
2. Clapping away. Julie Santagata and Jackie Foreman, Freshmen football cheerleaders, applaud a fantastic play by the tigers.
3. The fluffy attack. Preparing for Homecoming, Mark Jones finds himself surrounded by winning fluffies of the senior float.
4. Lending a helping hand. Mr. Bonar helps Kim Krauer figure out the tough concepts of MIA.

# WE PULLED TOGETHER

1. Blue or gold? Swimmers Ken Mikuska, Ed Twyman, Bill Anderson, and David McClellan prepare for the ever famous Blue and Gold Competition among the swimmers.

2. Rings and a dance. Receiving their class rings, Juniors Jenny Brain and Becky Funk participate in the traditional ring-turning at the Ring Dance.

3. Beautiful style. Dressed in their new uniforms of the year, the Flag Corp practice for their debut at the Eau Gallie game.

4. Lap after lap. Debbie Pappas, member of the swim team, practices for future swimming competitions.

5. R-O-W-D-I-E. Cheering with their usual enthusiasm are rowdies Christy Clark, Missy Cavallo, Susan Bopp, and Christie Burke.

Many events occurred this year which called for students pulling together to make them a great success. Such events included the Homecoming Parade and Dance, the Christmas walls and Prom. For Homecoming, many students were active at the fairgrounds. Some Seniors spent the whole night before the parade at the fairgrounds making those last minute fluffies. Sophomores had their Homecoming Dance while the Juniors pulled together to produce Prom. Clubs and classes alike participated in the Christmas walls. Pulling together, helping each other out was what this year was all about.

**WE  
SHARED  
TOGETHER**

1. Crowding together. While some students gather around the stage, other students display their own spirit in the corner of the grass area.
2. Soaking up the rays. Lisha Hauserman and Lynda Dinter enjoy their Saturday afternoon at the Stuart Beach.
3. Out to lunch. Enjoying the Senior privilege of off-campus lunch, Bruce Tucker, Reid Bryan, Julie Mezo, and Michelle Prekup eat at the ever famous Big Apple Pizza.
4. Special moments. David McClellan and Michelle Stierlin stare into each other's eyes while sharing a conversation at the Ring Dance.
5. Dress-up Day. On their weekly dress-up day Opus members show their style.

This year MCHS students shared many good and bad times together in and out of school. Good times included making the best of our free time by making frequent trips to the Martin Square and Orange Blossom Malls, going to the movies, to parties, and to the Fifth Quarter. The games we won, Senior Trip, and Prom are other special times imprinted in our minds. On a smaller scale, getting that A on the Economics test or finally making the honor roll gave us a lift when we really needed it. On the other hand, along with the good we shared some bad times too. For members on a team losing a game that they worked so hard on brought their spirits down a bit. For others doing poorly on a test they studied so hard for was equally as depressing. Whether good or bad, we shared them together and it was this unity that either made the good times extra special or made the bad times easier to bear.

# IN MEMORY OF PAMELA ROSE PRISENDORF

Today I was reminded  
of you . . .  
taken back to a special  
place in time . . .  
And as I thought of you,  
a certain sort of sadness  
filled my heart . . .  
Even though the memories  
we have are beautiful  
and thinking back on them  
fills my heart with joy,  
my eyes also swell with  
tears  
because we are so far  
far apart,  
and I miss you  
very much.

—Debbie Avery

To Todd:  
 Unaware of each other,  
 We set fourth en route to a nearly  
     unknown land.  
 Two lost souls searching for "love".  
 We thought we knew what it was,  
 But we didn't.  
 We took a detour,  
 Few people take,  
 And began as friends —  
 Growing and learning from each other.  
 Soon we remembered the reason  
 For our journey,  
 But we didn't have to look very far  
 To find love (that's love not "love").  
 Maybe we took the right path,  
 We have finally reached our  
     destination.

Love, Pam

Dear Readers,

It is with great pride that MACOSH presents its 1985 Yearbook, "Going In Style." Due to the cooperation and dedication of an excellent staff and the expert technical guidance and supervision of our sponsor, Mrs. Judy Jones, MACOSH is being distributed prior to graduation. Thanks are due to the many people who gave generously of their time and talents so that this could be accomplished.

Many people gave assistance to us during the preparation of MACOSH, 1985, but it is to Mrs. Judy Jones, Yearbook Advisor, that we are most deeply indebted, and whom we must thank first. For three years she gave unstingingly of her valuable advice and time, and her encouragement and faith are greatly appreciated. But apart from her moral support, we are grateful to her for her technical skills, her good taste and her sense of style.

We would also like to gratefully acknowledge the invaluable help of the photographic staff of Bryn-Alan Studio who could always be relied upon when it came to pictures of any activity, game or parade. An additional thank you goes to Beth Hunecke for her candid shots. We would also like to express our appreciation for the work of our principal, Mrs. Yarboro, who diligently snapped many interesting and essential photographs for our staff. We wish that each and every one of our photographers' pictures could have been used because they were all so great.

The cooperation of the faculty who greatly aided the yearbook staff during sales, picture-taking and record-keeping campaigns was incalculable, and it is with great appreciation that we say your patience and good humor during some rather difficult times are remembered with gratitude. We would also like to thank Mrs. Byers in Data Processing for all her continuing help.

Throughout the last two years, we have come to enjoy and appreciate not only the technical aid, but also the warm and caring presence of Missi Green, our Delmar Publishing Company Representative. Missi was of vital help during both the planning and execution stages of the yearbook and her help and guidance were greatly appreciated.

The staff, during the busy days and long evening hours dedicated to

publishing a yearbook, often finished a project, put it in its place, and left for home. There were many times when we were too tired to think of what that room must look like. Diane never complained. Every morning the room looked so clean one would never know anyone had worked there. Thank you, Diane, for your patience and help in keeping the MACOSH room a clean, cheerful place in which to work.

We would also like to thank Mr. and Mrs. Peterson for their enthusiastic aid in helping MACOSH build the Homecoming float. Their guidance and expertise throughout the total float-building process from planning sessions to actually physically driving the float down the parade route was greatly appreciated.

Any successful endeavor owes its success to continuing support. We are deeply grateful for the constant and continuing encouragement of our parents. Whenever we needed to talk about a layout or to clarify our beliefs, they were there. Whenever we needed a ride, a chaperone, a typist, a photographer, or just a friend, they were there. For the warmth of your caring, your thoughtfulness, your listening when we really needed someone to listen and respond, we thank you.

Finally, we would like to share with you undergraduates something that has guided us through the many assignments, competitions, term papers and working days of our lives as students at MCHS. Follow it and it will serve you well.

The value of life lies not in the length of days but in the use we make of them; a man may live long, yet get little from life. Whether you find satisfaction in life depends not on your tale of years, but on your will.
